# ORACLE 1983

Ramon,
Have a blast this
summer; and who
knows, maybe we'll
get some classes
next year together.
take care,
Tracie
Neiderberger
(history with
Leigh)

P.S
Let's endorse
all the state
students don't let
anything happen to
them.

Ramon
I know I
You're one of
the smartest
people I've
ever met.
I think
you're going
to do great
things in
your future
years.
Take Care
Tracy

Ramon,
I'm glad I met
you this yr. You're
a really nice person
and I hope you
have a great summer.
Good Luck in all you
do and swim next yr!
Take Care,
Johanna

Alvaro,
Russel's class was
real strange I can't
believe I survived.
I have fun at the beach
with your beach ball.
Your friend
Tracie

alvaro,
I'm glad you
were in
class, my best class
& the year. The class
is super duper and
rowdy, I like it.
want to hear
from you in some
of my classes
next year.
Jumaw

Ramon
hi thanks for
being such a bud
at first you a
super guy!
Take Care
Love,
Jenny
Lee

Ramon,
You're a great guy and I was glad I got to know you better this year. You are a nice guy & I hope you have fun this summer and good luck next year. Take care of yourself & stay out of trouble (you will probably need it) Have a great summer & keep in touch, stay sweet!
Love,
Alex

Ramon,
How's the potato (Yellow) peeler? It was nice → go over
Ramon, I am glad I got to know you better this year. You are a nice guy & I hope you have fun this summer and good luck next year. Take care of yourself & stay out of trouble (you will probably need it) Have a great summer & keep in touch, stay sweet!
Love,
Alex

Ramon-
I'm glad I was in Pre-Chem class with (you) this year. You're a nice person. Have a great summer!
-Nancy

Ramon,
Nice having you in History, in the group keeping everyone laughing
See ya next year
Maggie

Ramon-
Well we did it
We've had things
another year of
school. Next year
we will be the
(" uppa classmen)
You are a really
nice person.
Fun this year.
(When you see Robi
tell her I said "Hello")
Maybe we will see
each other at ele mid
this summer. Hopefully
we will have some
classes next year.
Call me (908-2235)
Love,
Hanson

Ramon-
Sorry for my delay in writing. I was kinda busy this week. I didn't get to work at all last week. It was a short week but I'm sure you didn't mind that. It was nice to have a week off. Well I hope you have a good summer. Take care.

ALVARO RAMÓN BROWN

Alvaro,

Why do they call you Ramón? Oh well it doesn't matter. It's been great aiding for your class (the class with no class) I'm glad we're friends and I hope I see you again in the future. Have a rippin' summer and a rad senior year.

Friends always

Carlos

($S_8$+. $101^{st}$ Abn)

Ramón,

Why can't I write about potato peelers? Oh well. It was nice having you in history and chemistry. You're a killer person and I hope to see you next year. Have a killer summer and watch those potato peelers!

Love, headbanging down under!

Jolynne
(LORI)

Ramón, June 9, 1983

Wasn't Mr. Leigh's class fun this year? It wasn't that bad. 5 more days of this year left, and 1 more year of this beautiful school, forever. I hope you have a great summer.

See ya next year.

Chris Mathis

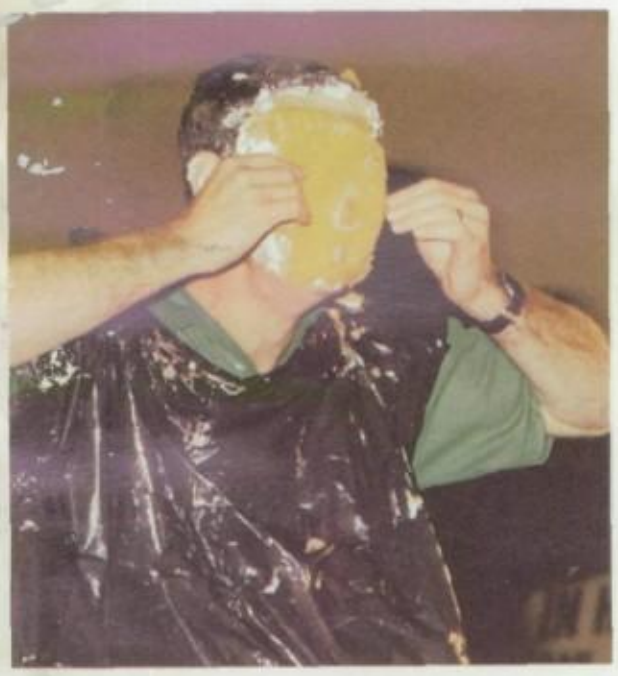
# Bowl Remains The Center Point For School Activities

Throughout the year, the bowl area was the center of many school activities and events. Students gathered in the bowl during lunch, after school, or for one of the many well planned out-door activities by the Senate. For instance, during Spirit Week, hundreds of enthusiastic students could be found in the bowl cheering on their class. The centerstage became the spotlight for such activities like throwing a greased watermelon, a pizza eating contest, and a slave sale. Another popular day for gathering in the bowl is graduation. About 2,000 attend this special event, where again the main focus point is on the center stage. Whether the bowl is used for last minute homework, cheering on your class during lunch, or socializing, the bowl is great to have and is a big part of our school.



***(left)** During lunch on dress up day, students watched the Halloween contest being judged.*
***(above)** While participating in the pizza eating contest, seniors Ken Drazkowski and Lee Ann Douglas try to eat the pizza as fast as they can to win for their class.*

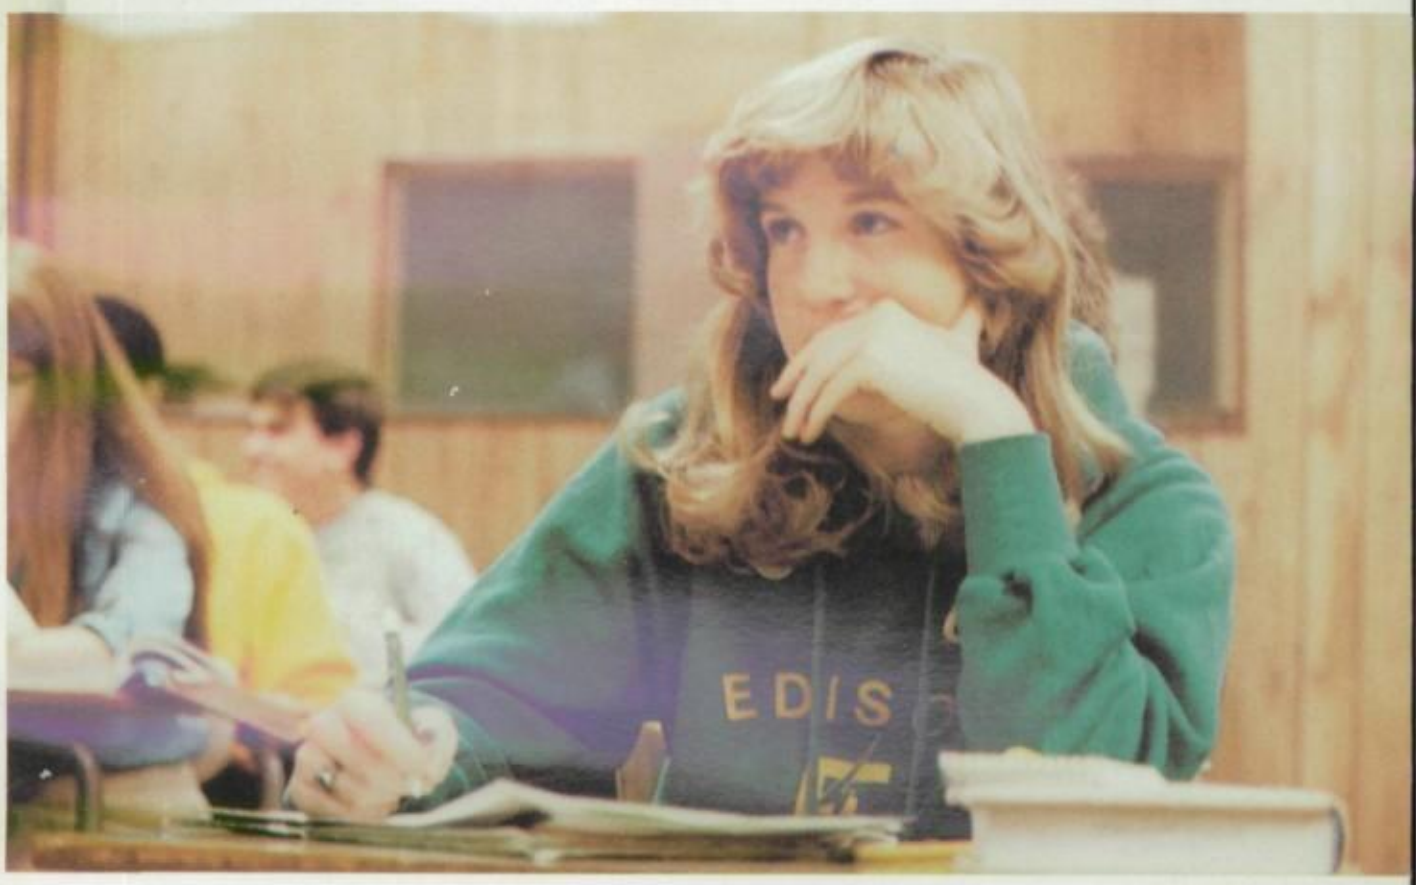
# Early Risers On The Go

This past year, Edison's curriculum offered classes to suit many different types of students. Beyond the standard academic classes, students participated in word processing, wood working, and foods. Unknown to many, there were some students already working hard while the rest of the A.S.B. was just waking up. The madrigal ensemble, the students in the academic competition class, referred to as ACC, and the MUN, were at Edison at 6:30 a.m. every morning. These people were busy, as in ACC, working toward Academic Decathelon and other competitions.

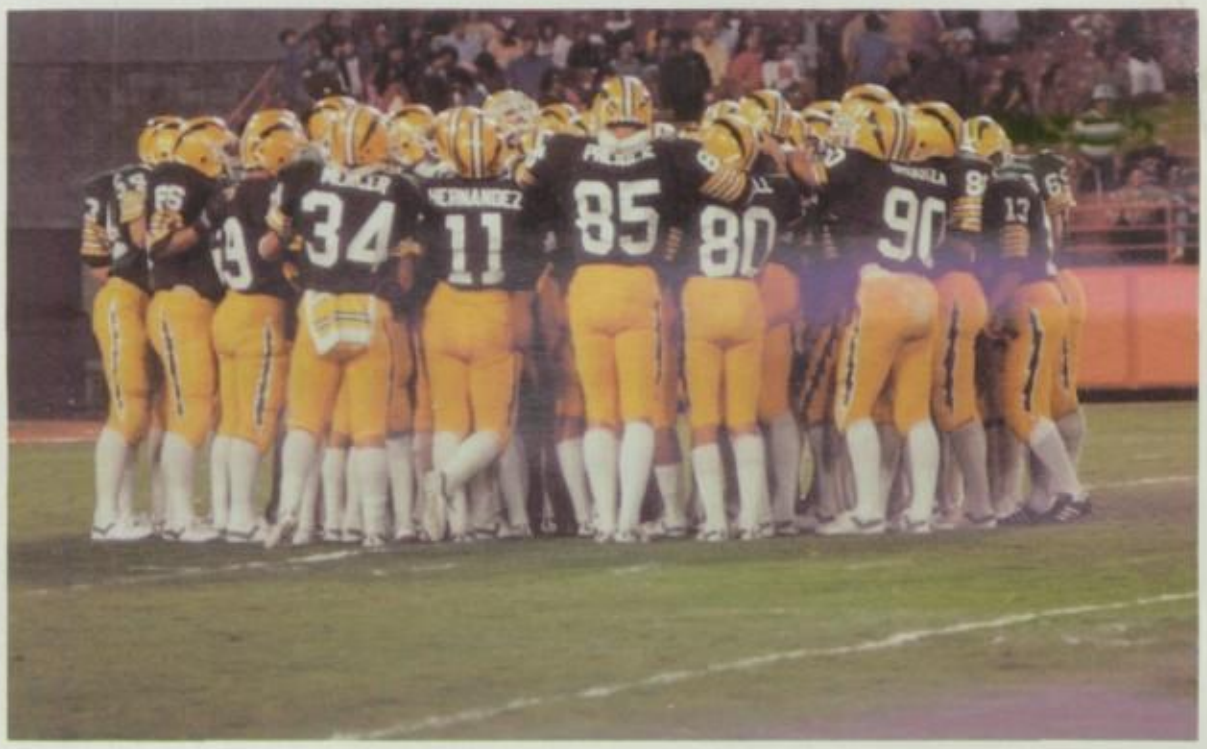


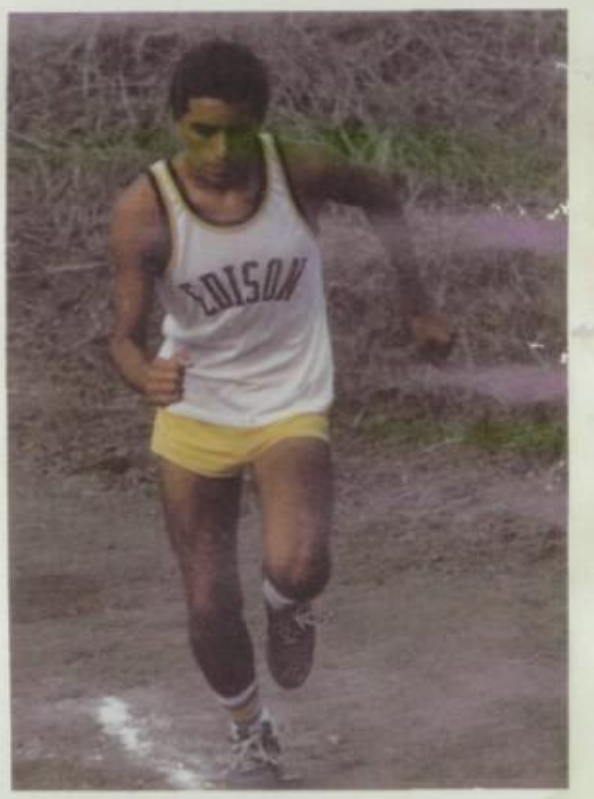
*(left) Ignoring all distractions, Shelly Lippa spends her free time reading.*
***(above)** During Math Analysis, Teri McGrath carefully figures out a problem.*

Ramon,
Hi. Just wanted to tell
you that you're a really sweet and
caring person. Thank you for taking
me home for those days. I hope you
succeed in life. You really deserve it. Hope
your family gets it put on the fall.
"Victoria"
Love always
Alice
"Chocolate Chip
Cookies"

# Athletes Are On The Go

Action has been Edison's Specialty for the past fourteen years. Our athletic teams are not only known for their good sportsmanship, but also for sending our boys' and girls' teams to league and C.I.F. finals. It is that winning style which makes them outstanding among their competitors. This style is shown in the enthusiasm and effort put forth by the teams. Even though Edison doesn't always prove victorious, the spirit and pride is always there.





***(above)*** *Before the start of the Banning game, the Charger football team prepares for action.*
***(right)*** *Felipe Arroyo contributes to the defeat of H.B. cross country team.*
***(far right)*** *Mike Malloy scores a crucial goal during a water polo game.*

Alvaro,

I picked this page because it looks nice and summery! not because of WATERPOLO-?- I really wish we would have had a class together but maybe we'll do beg Seniors I hope you had a great year and have a really neat-safe summer maybe we could search other drunk the summer well I better go... See you soon... happiness always

Editor note
Call me sometime

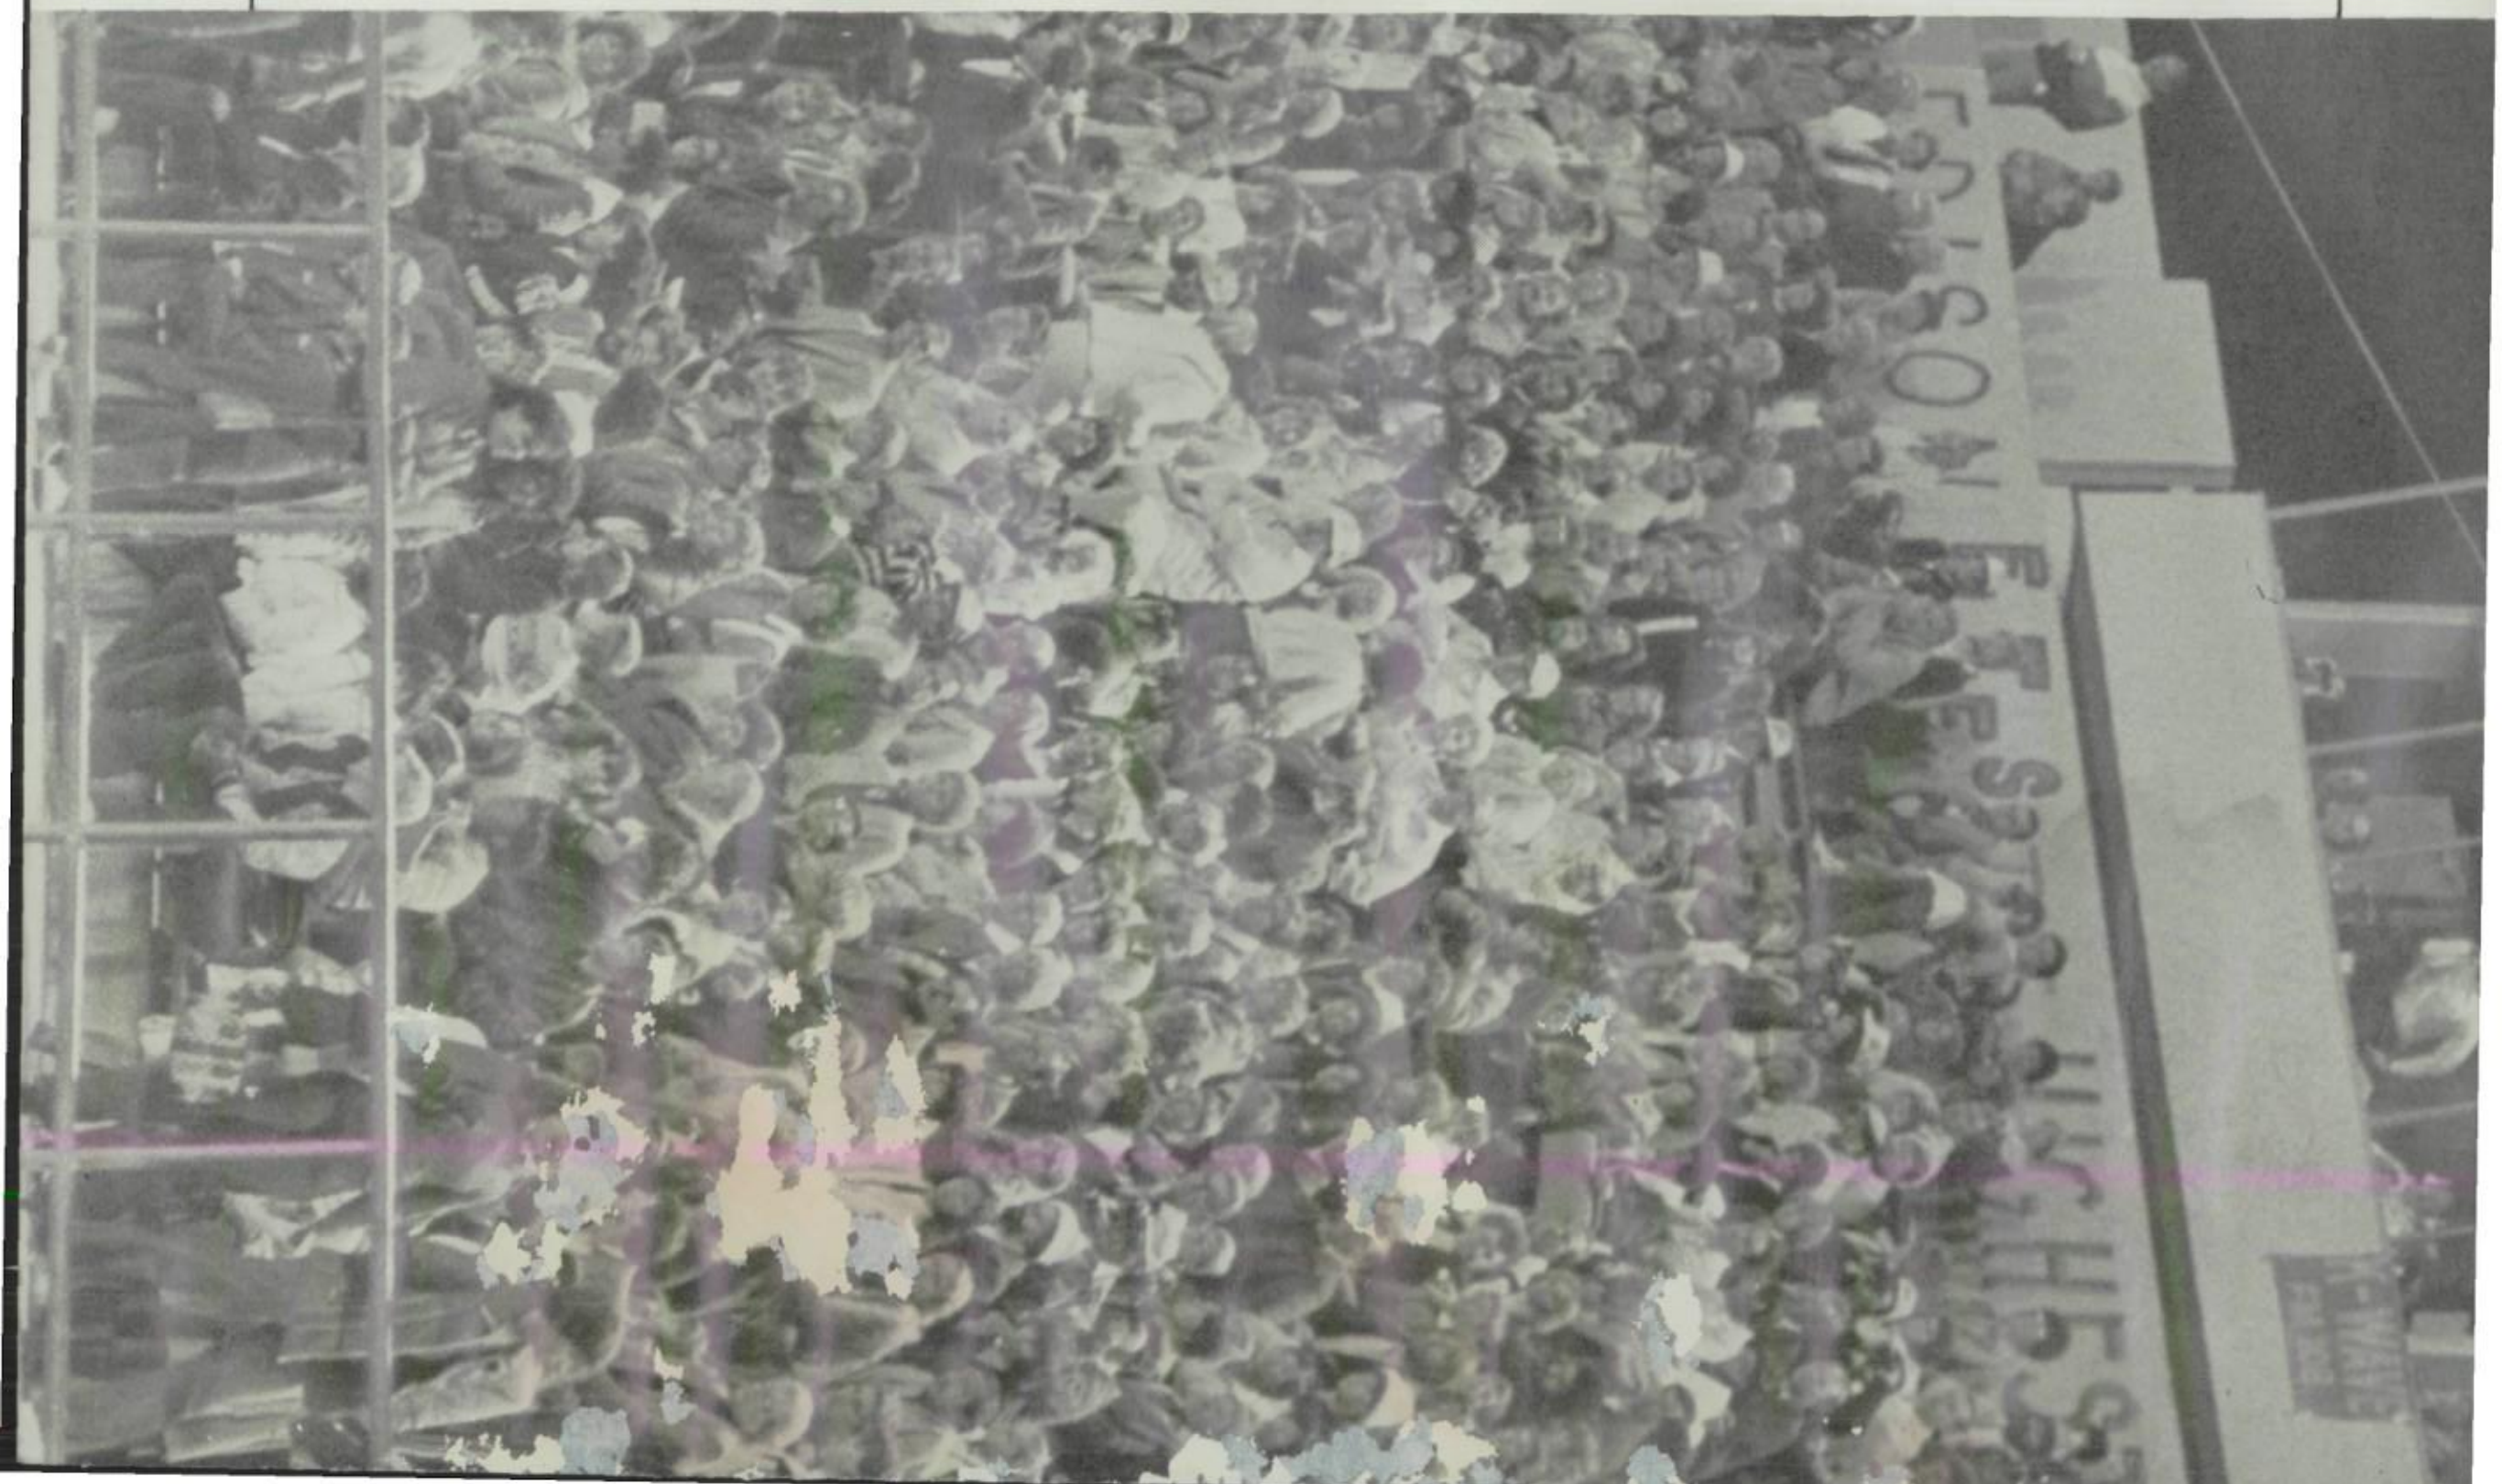
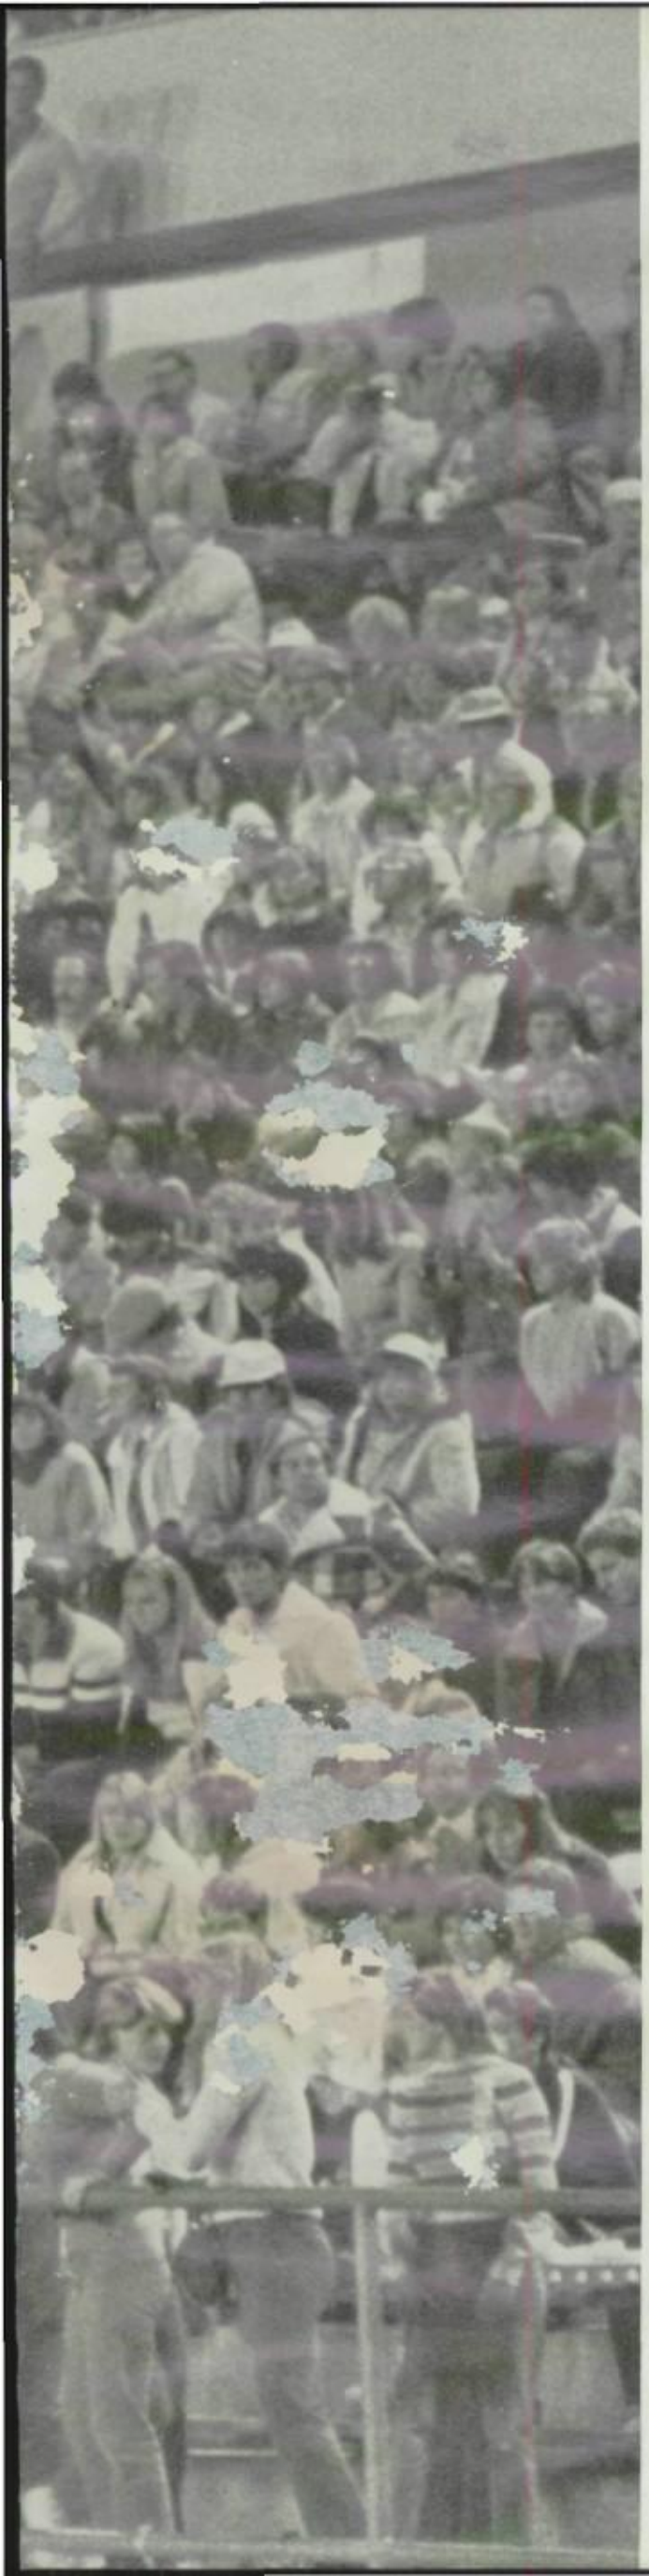
# ACTIVITIES





*(left)* Charger fans anxiously wait for the next play.
**(above)** Pepsters show spirit while doing the E.H.S. spell out.

**(middle)** Students line up for judging, while Jonathan Fahn takes his turn.

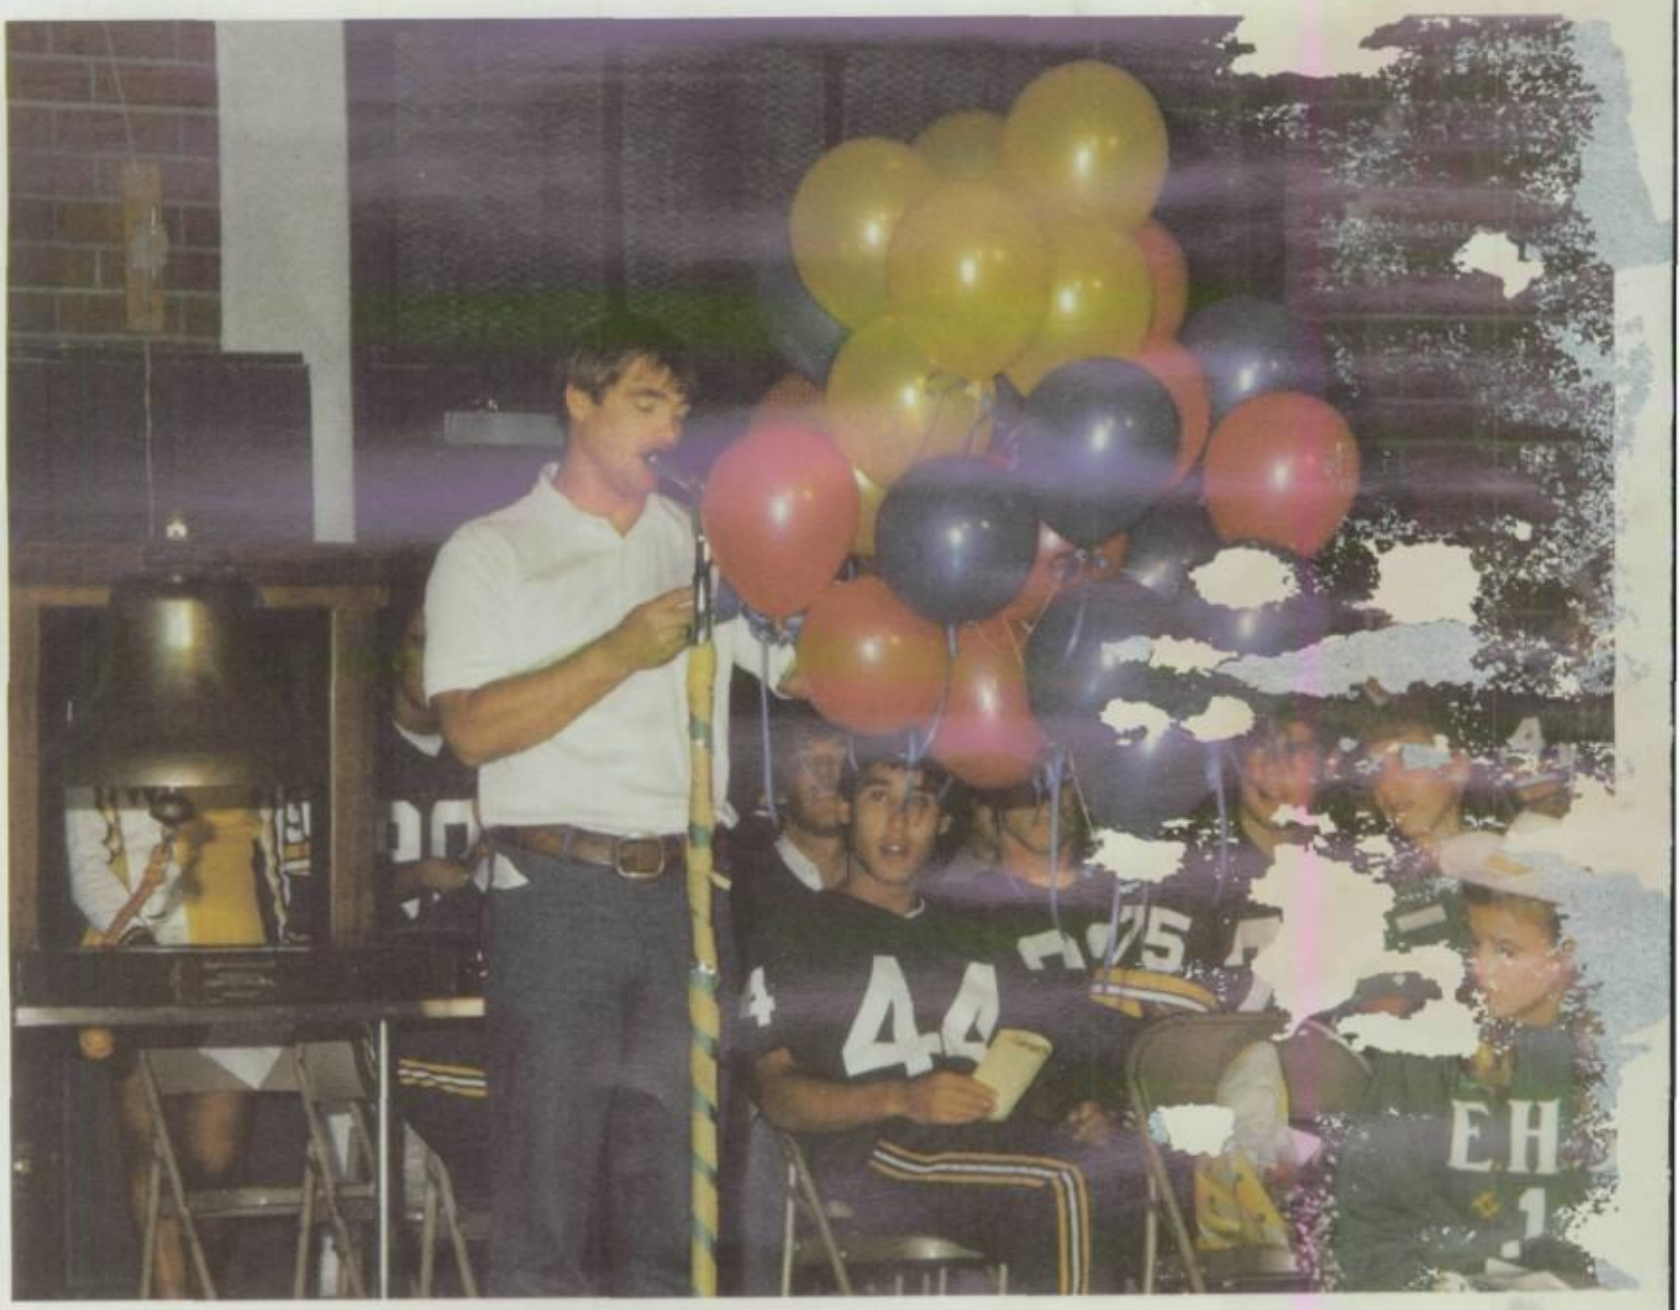
# Pep Assemblies Spark Enthusiasm

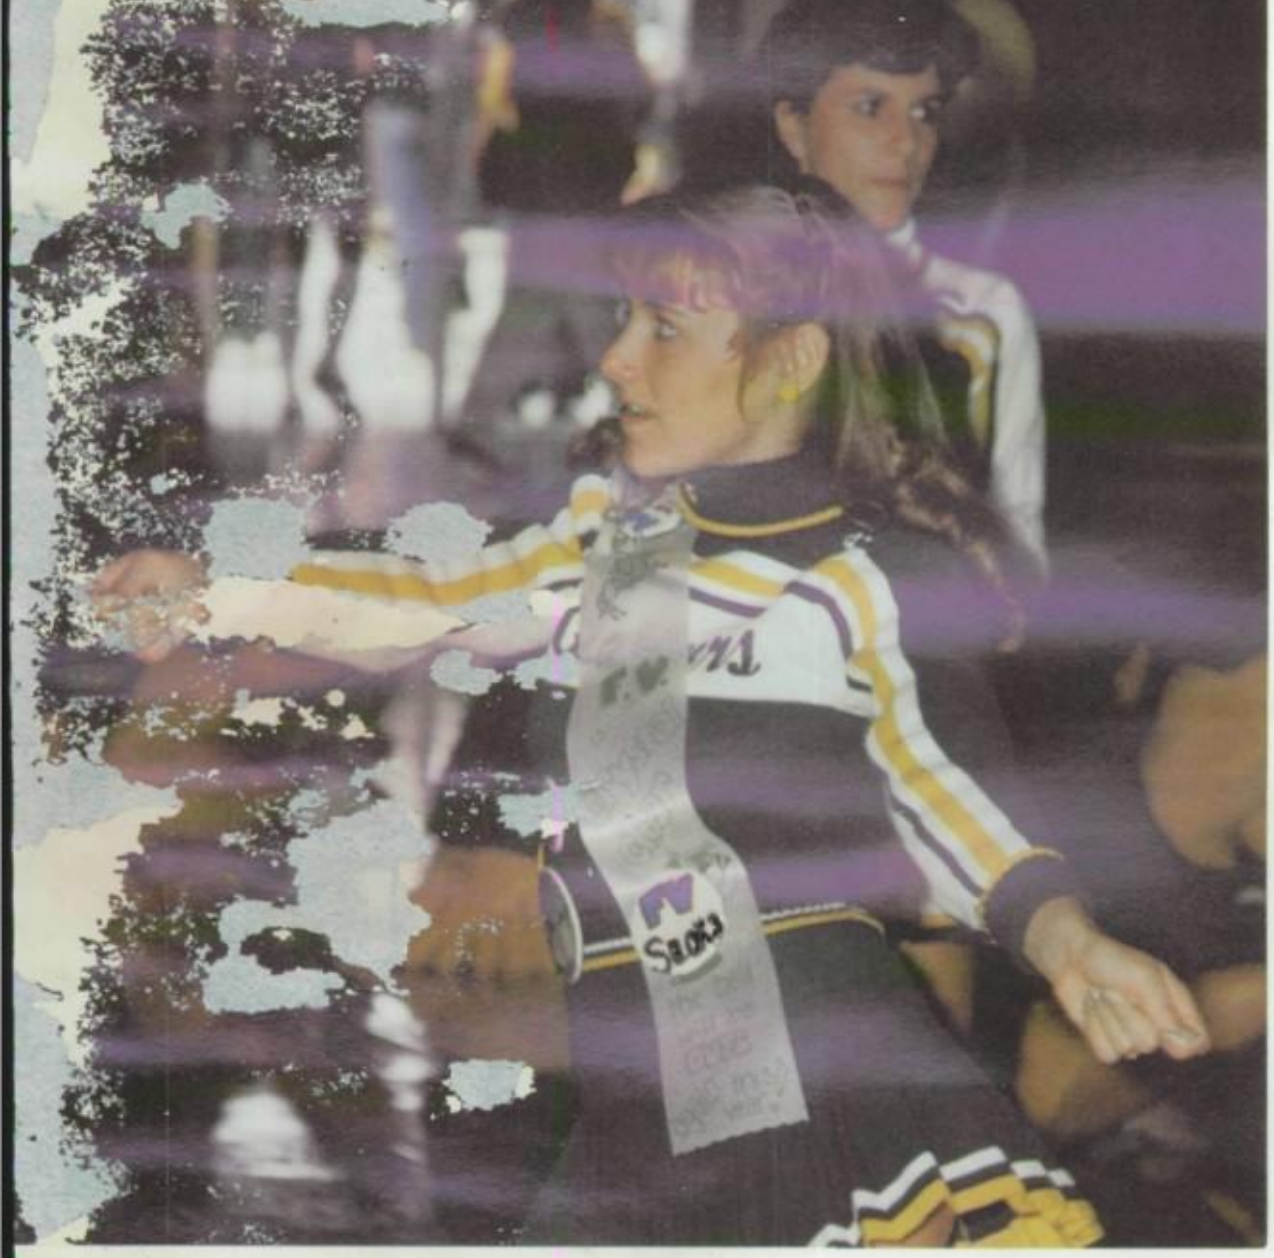
The boredom of lunchtime was relieved during football season by the excitement and rowdiness of the weekly pep assemblies. Sponsored by the Senate, these assemblies helped to promote school spirit. Performances by the band, banners, drill team, and pepsters kept the crowd animated.

The Fountain Valley pep assembly was the most spectacular of the year. The football team received a singing telegram from the whole school, and Coach Workman read the yearly challenge from Fountain Valley, which came complete with balloons. In addition, the pepsters performed a musical skit glorifying the prowess of the Edison team. The 45 minute show wound up with the crowd on its feet singing the Charger alma mater.

A great surprise this year was the triumph of the freshman class over the sophomores, juniors, and seniors in class competition. For the first time in several years the freshman class showed an abundance of school spirit. Good job, class of '86!

***(right)** Pepsters parody the Barons at the pre-game pep assembly.*
***(below)** Coach Workman reads Fountain Valley's challenge to the Chargers.*





***(above)*** *A singing telegram is delivered to the football team.*
***(below)*** *Jill Gray leads Charger fans in cheering for their team.*

# Lori Page Crowned Homecoming Queen

The Chargers stomped to a mighty victory over the Oceanview Seahawks November 11, 20-14. The big attraction was not the game itself, but the crowning of the 13th Annual Homecoming Queen.

This year's theme was "Just The Way You Are." Master of Ceremonies Ken Lee, and Mistress of Ceremonies Joleen Grussing welcomed the crowd, and introduced the class princesses. Representing the Freshman class was Sonia Skindrud, the Sophomore princess was Karri Taylor, and the Juniors elected Jill Barla.

Last year's Homecoming Queen, Jolene Osterkamp, returned to crown this year's winner. From a beautiful field of finalists, including: Debbie Tiff, Colette Sanders, Kathy Rucker, Lisa Habibe, Shawn Partridge, and Lori Page, a Queen had to be selected. Edison's 1982 Homecoming Queen - Lori Page.

The finalists paraded to the stage to the strains of "If", performed by the band. Halftime festivities were completed with a brilliant display of fireworks to honor the new Queen.

# Goblins Roam Edison Campus

The costumes were very original and very bizarre this year as Edison held its annual Halloween Dress-up Day October 28. Some of the more original costumes were bottles of Tylenol, Carl the Groundskeeper (from the movie ***Caddyshack),*** and a group of girls in bird suits billed as the "Edison Chicks." Even the teachers took part, dressing up as Dracula or a sultan, or a waitress. The big hit of the day, however, was the costume contest in the bowl. Many students competed, and the winners received bags of Halloween candy.

***(below)*** *The band charges up the crowd before the pep assembly by playing the fight song.*

# Spirit Wins

The week before the annual Edison/Fountain Valley football game has traditionally been known as Beat the Barons Week. During this week, enthusiastic Chargers participated in various activities designed to promote school spirit.

This year's activities included the famous Pizza Pig-Out and the Cottonball Race. Contestants from each class enjoyed "pigging out" on the pizza and Coke, with the ravenous freshmen winning the contest. The Cottonball Race proved to be exciting also, with the blindfolded seniors racking up 90 cottonballs for the top score.

Beat the Barons Week ended in a rush of excitement, with the Chargers once again trampling the Fountain Valley Barons. It's been so long since the Barons had possession of the Victory Bell that they have forgotten what it looks like, and hopefully will never get a chance to remember.

# Valentines Dance A Huge Success

Valentines came early this year for Chargers attending the annual Valentines Dance, February 5. The yearly event took place at the Long Beach Convention Center from 8 to 12 p.m.

The room was decorated with more than 300 balloons as well as colored streamers, hearts, and flowers. Both Keywanettes and S-Club, co-sponsors of the dance, spent approximately five hours decorating for the event. In addition to dancing, each person had the opportunity to participate in a raffle. Thirteen students became winners as Kelly George and Lisa Harrison called out the lucky numbers. Each prize was donated by local merchants such as Swensen's, Pat's Ski Shop, and Lucci's Deli.

The band, Evergreen, played many popular songs and a few oldies, too. All in all, the Valentines Dance was a huge success.

*(below right) Enjoying the dance are John Singer, Jeff Morrell, Kim Weber, Brendan Masterson, Erin Tomlin, Jennifer Eichler, Tim Wertner, and Colette Sanders.*

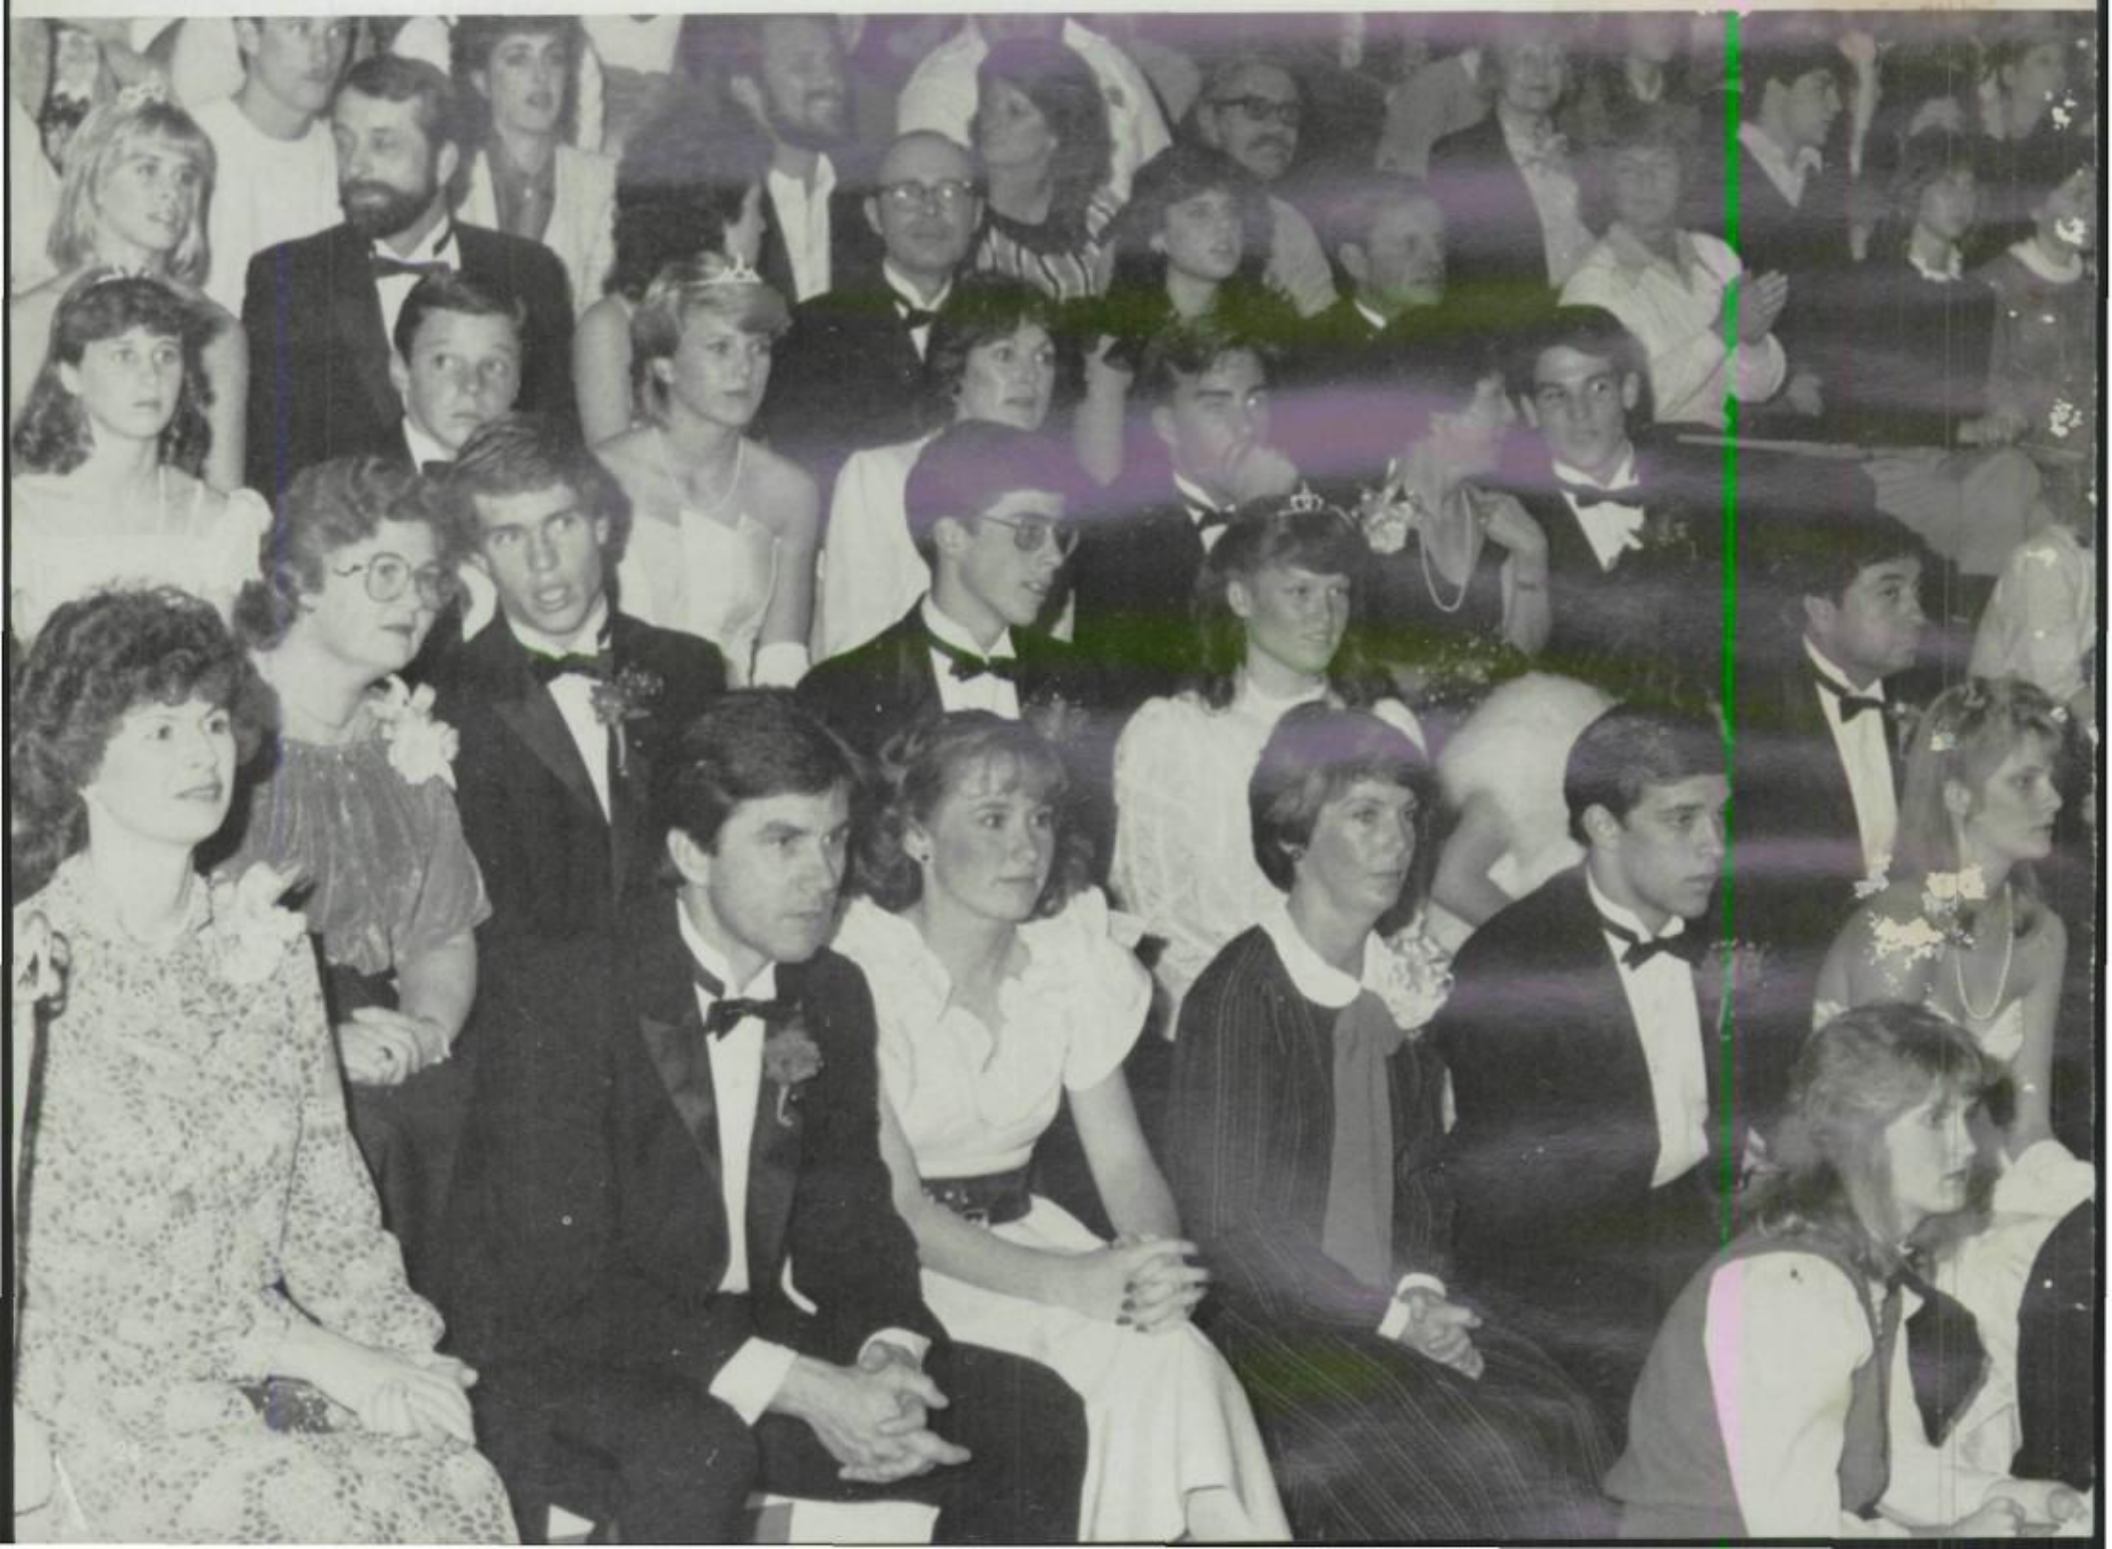
***(below)*** *The nominees for King and Queen as well as the Princesses and Princes wait anxiously for the halftime ceremony.*



# First Ever King Of Courts

A new twist was added this year to the annual Queen of Courts ceremony. For the first time in Edison history, the student body extended royalty to the male sex as well, and voted unanimously to have a King of Courts.

Before the actual naming of the King and Queen, John Goodin, Master of Ceremonies, and Wende MacKenzie, Mistress of Ceremonies, introduced the Princes and Princesses. Representing the freshmen were Steve Titus and Janell Rogers; sophomores voted for Paul Whelan and Kelly McDonald; while juniors elected Jeff Wheeler and Tavy [illegible]erne.

The six finalists for Queen of Courts included: Colette Sanders, Kathy Rucker, Shawn Partridge, Michelle McNulty, Lori Chavez, and Linda Williams. The nominees for King consisted of Jeff Washington, Gerry Graham, Don Gibbs, Joe Krafka, Scott Broderick, and Randy Hetrick.

The gym rang with cheers as Wende opened the envelope and announced the winners. The 1983 King and Queen of Courts - Kathy Rucker and Joe Krafka. Both were crowned by Cathy Carpenter, last year's returning Queen. Joe Krafka was carried away by well wishers while Kathy Rucker commented, "It really feels good (to be elected Queen). I'm so happy!"

***(below, left)** A disbelieving Kathy Rucker accepts her election as the 1983 Queen of Courts.*

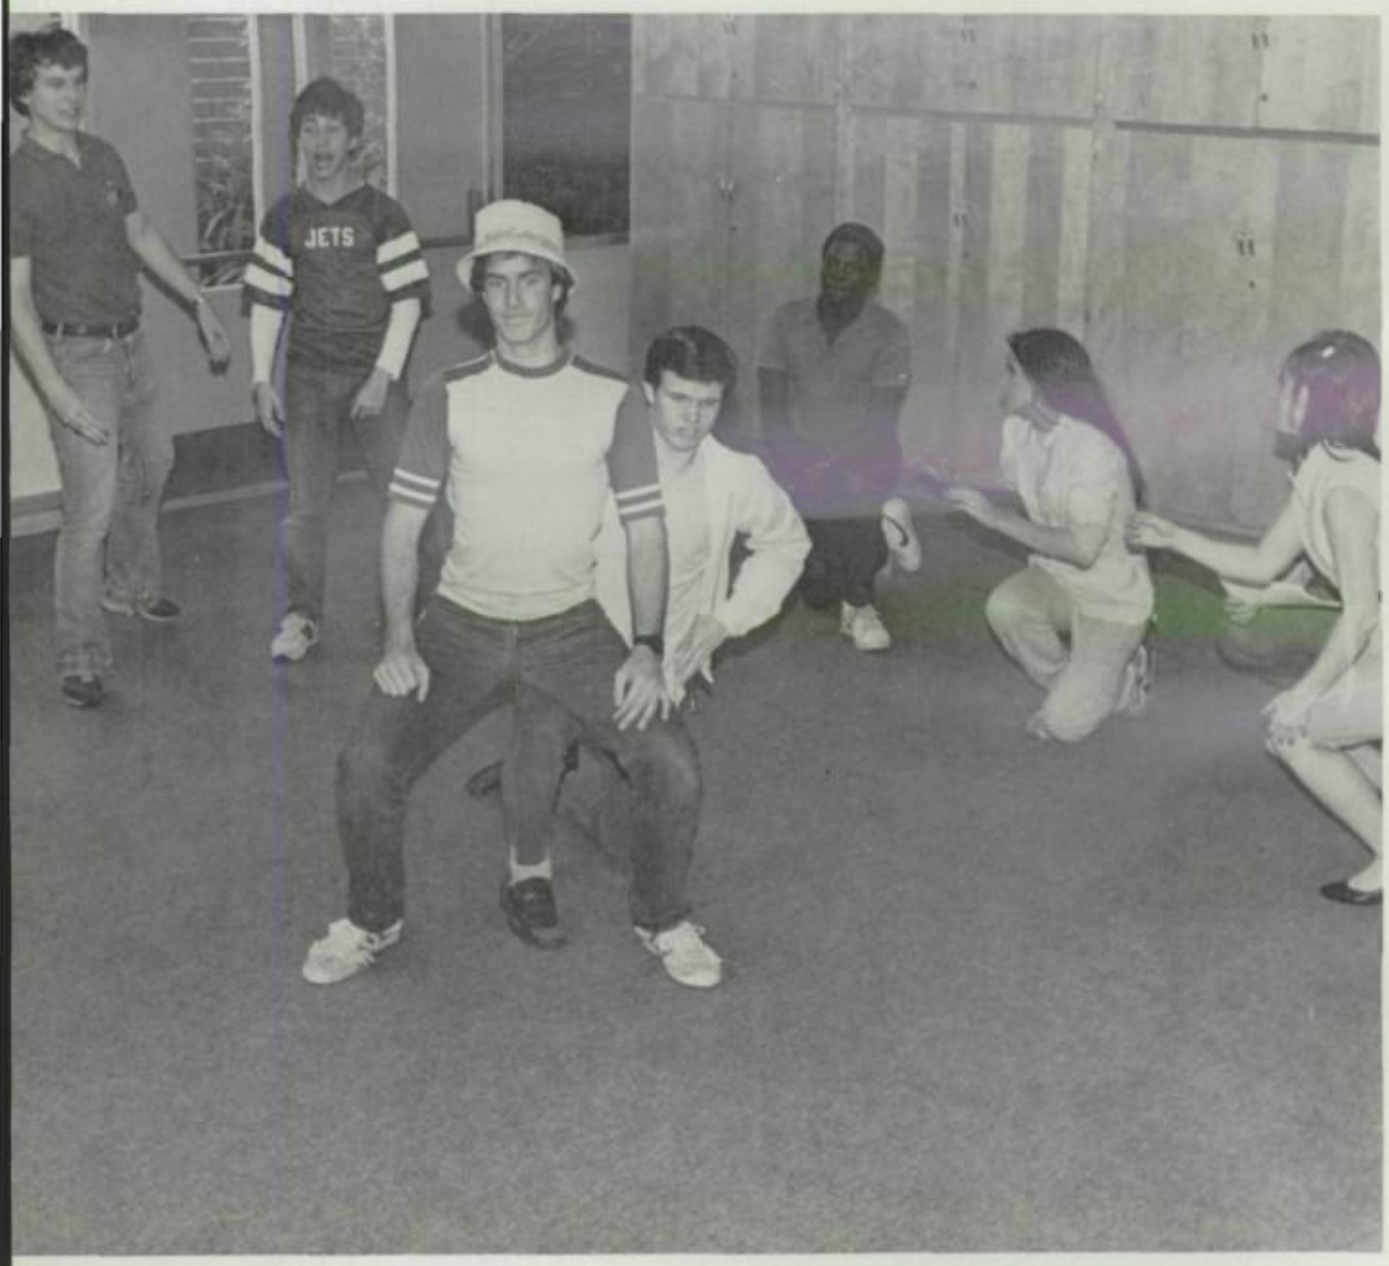
***(below left)*** *The company sings in the background while Rob Biagi and Chandler Haun play their scene.*



# Musical A New Venture For Drama

Musicals were thought to be a thing of the past at Edison, but for the first time in eight years, the theatre department produced their version of the hit Broadway musical Godspell. Ironically, the last musical performed at this school (in 1975) was also Godspell.

Director Rayleen Downes, Assistant Director Laura Black, and Musical Coordinator Dick Otey rehearsed with the cast afternoons, evenings, and weekends until the actual performances March 31, April 1, and 2.

Headlining the cast were Chandler Haun as Jesus, and Rob Biagi, playing the dual roles of John the Baptist and Judas. The supporting cast included (in alphabetical order):

Elizabeth Chappel
Jonathan Fahn
Melissa Fahn
Jody Florentine
Happy Gill
Derek Griffiths
Kelly Herman
Margie Leggett
Chris Lopez
Brian Okey
Mary Ellen Patitucci
Frank Pellkofer
Cheri Sedano
Matt Watkins.

***(below)** Chandler Haun, as Jesus, is ringed by other members of the cast in the final scene from Godspell.*

***(below right)*** *Enjoying dinner at the Spaghetti Factory, Stephanie Holtz is suprised by the photographer.*

***(below left)*** *Jon Waller makes change for a customer.*

# Life Goes On Outside School

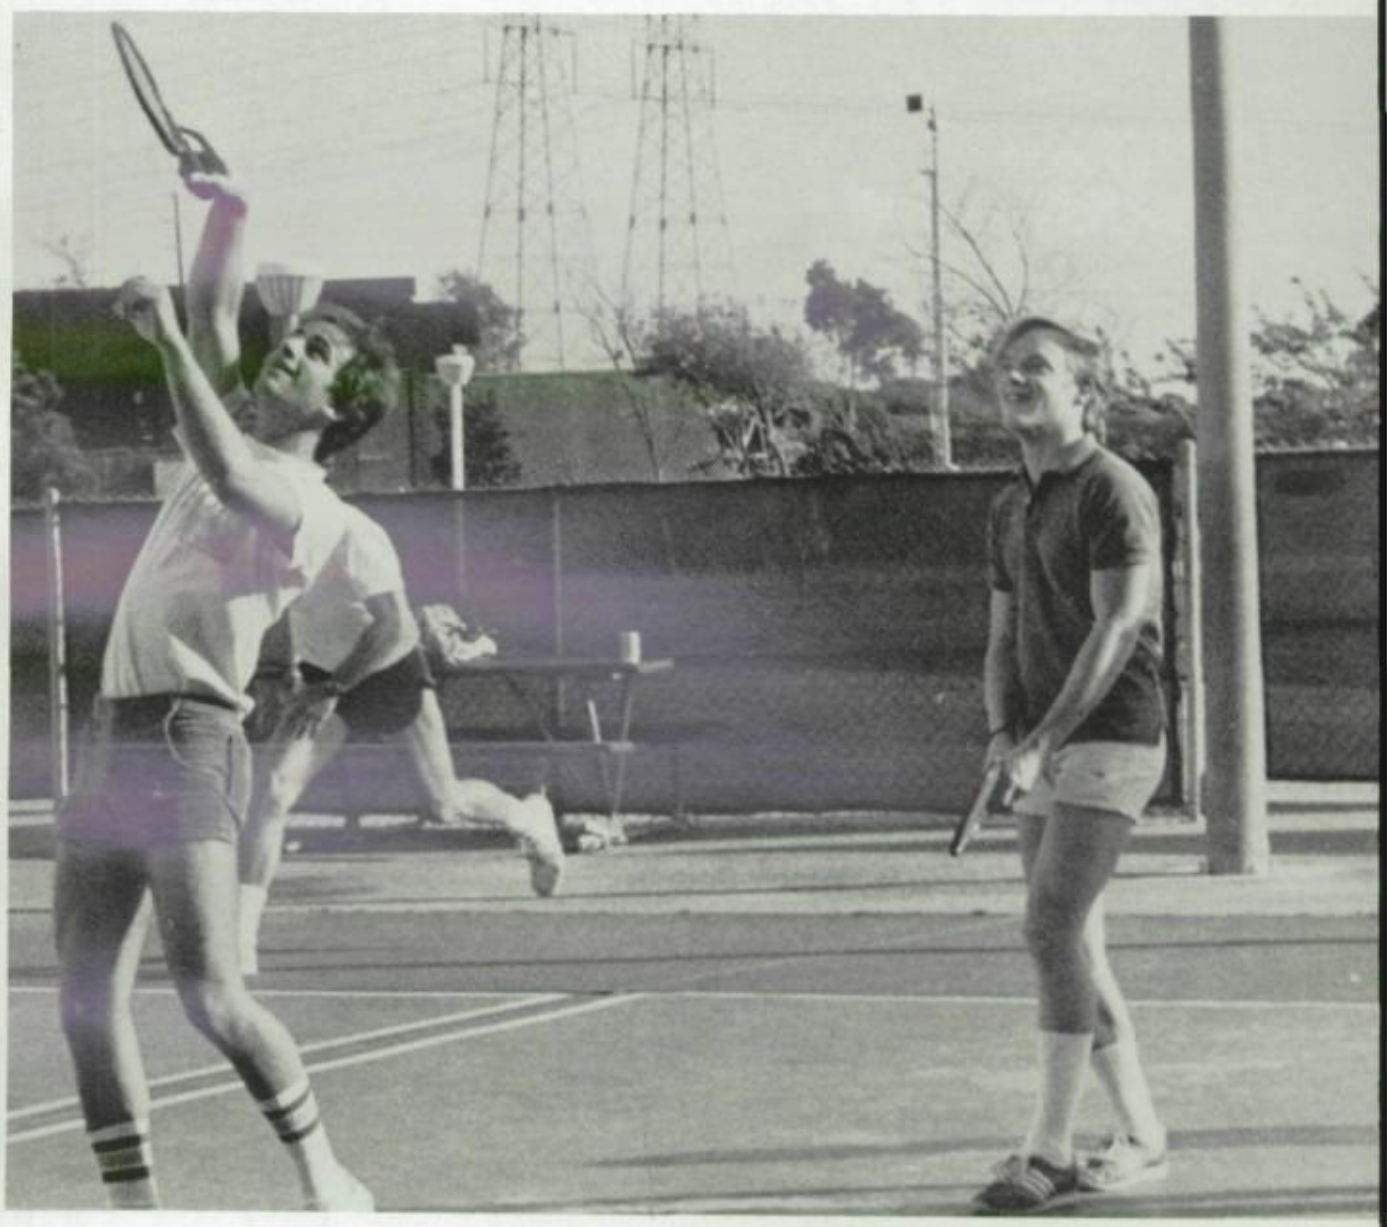
Student activities extend far beyond those planned by the school. Living in Southern California affords Edison students the opportunity to do a multitude of things during their leisure time. Friday and Saturday nights found Chargers dancing at Circle City, testing their driving skills at Malibu Grand Prix, or just "hangin' out" at Del Taco. Skating rinks, video arcades, malls, and movies are also favorite hot spots. The 1982-83 school year has seen a rise in the popularity of under-age nightclubs as well. These small dance clubs, such as the Concert Factory, Rissmiller's, and KROQ/Old World were integral in bringing Chargers their favorite bands.

Non-school activities were not all fun and games, however. A large percentage of Edison students held down part-time jobs in addition to their school duties. Chargers were employed in a wide variety of areas, from secretaries and busboys to salespeople and grocery workers.

All in all, Edison students spent a pleasurable and profitable year.

*(below left) Tom Simpson beats a hasty retreat after the final bell.*

***(below right)** Racquetball is popular with Edison students John Coggi and Mike Gorman.*



# SCHOLASTIC ACTIVITIES

***(left)** Students in Mrs. Carpenter's class work on the day's assignment.*
***(above)** This letter is awarded to students with high academic status.*
***(middle)** Sheri White studies with intense concentration.*

# Careers Helped

Art classes and Industrial Arts classes have been the most commonly requested elective classes of the past years. These classes help to better prepare students for their careers. Art classes consist of many levels: Art 1, Art 2, commercial art, fashion design, and ceramics. Industrial Arts have metals, woodworking, electronics, drafting, and autoshop. Mr. Nicholson ***(middle right),*** whose artwork is seen on campus, entertains foreign visitors from Huntington Beach's sister city in Japan.

***(upper right)*** *Patty Purpora enjoys Art 2.*
***(lower left)*** *Roxanne Billington also enjoys her Art 2 class.*

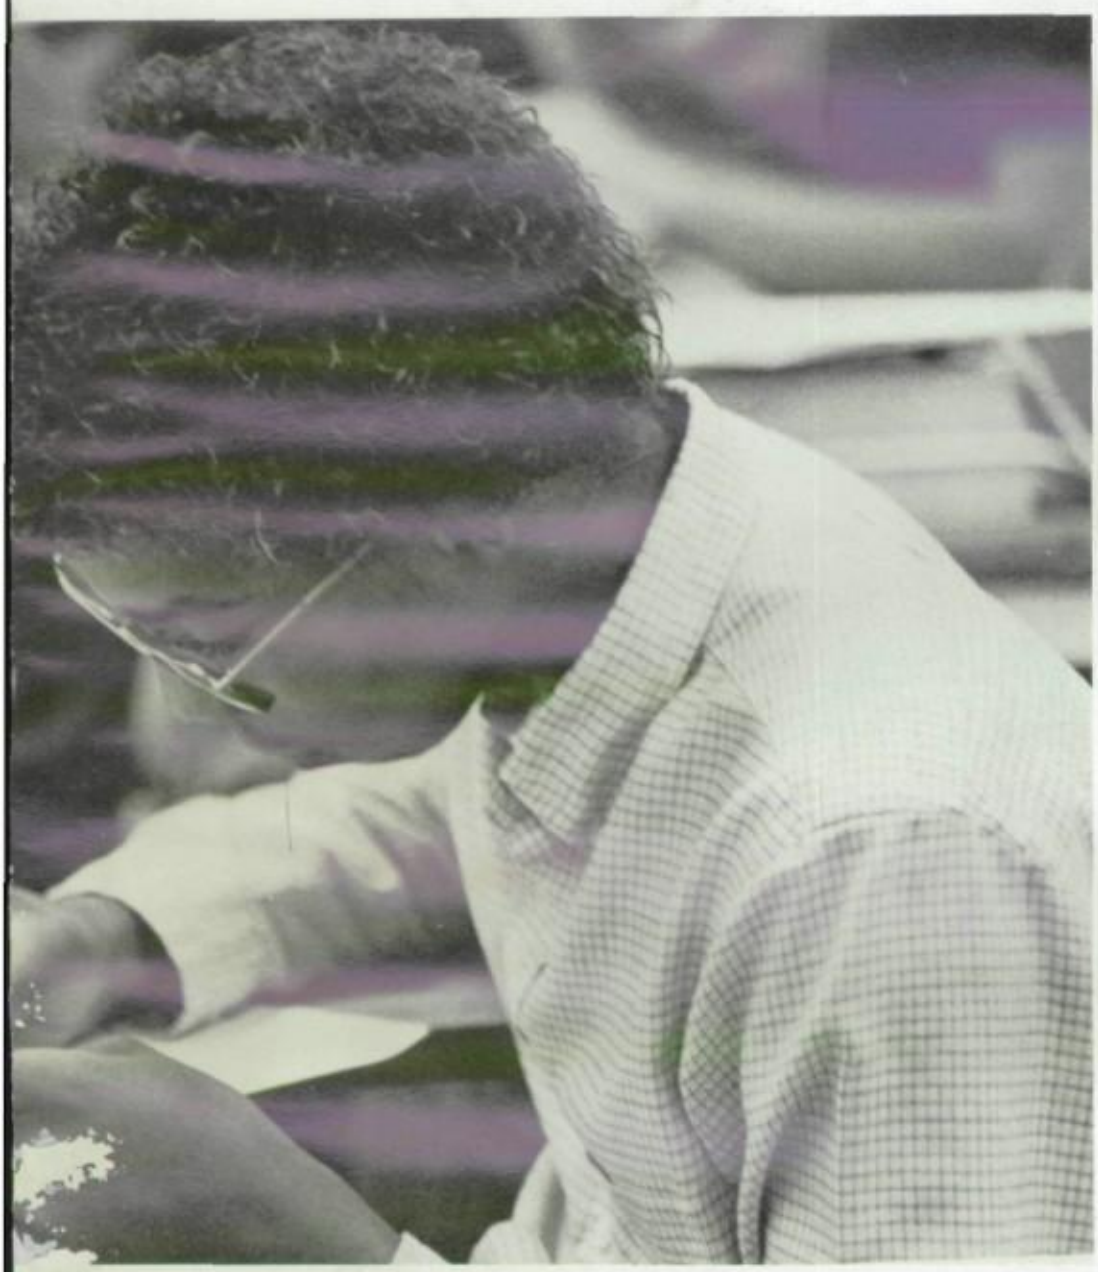
***(top)*** *Joe Chick, Jared Beck, Rick Justice, and Shawn O'Brian consult each other while completing an important project.*
***(above)*** *Taking great care, Jeff Kwolec assembles a base for his project.*



# English Excitement

The English Department has more than the ordinary English requirements to offer. Students may choose to take a class that offers more competition such as Honors or College English.

New this year is Academic Competition. It takes place at zero hour (6:30) and is taught by Mrs. Carpenter. During this class many things go on. The students receive information about upcoming competitive events, which include debates and essay contests they may enter. Students also use this early morning session to practice for their Kiwanis Bowl competitions.

***(top far left)*** *A student contemplates her work.*
***(far left)*** *Thoughts wander far away.*
***(top)*** *Deep concentration gets the work done.*
***(left)*** *A Walkman helps make English fun.*

# Social Studies Cut Electives

There is not quite the variety of classes in the Social Studies department as there has been in the past. World History, World Geography, American Studies, Consumer Economics, and U.S. Government are all requirements that still remaln. The cuts in Social Studies classes were in the electives. The only previous elective still in effect is Social Psychology. M.U.N. (Model United Nations) has been added as a new zero period elective.

***(above)*** *Using class time, Claudia Falco works hard on her assignment.*

***(above)*** *Lynn McLaughlin prepares for her lesson.*
***(above right)*** *Cathy Vargas practices her typing skills.*
***(right)*** *Students learn many skills in Mr. Vonesh's typing class.*

# Classes Prepare Students

The home economics department offers a variety of classes from foods to fashion merchandising. Each class helps build useful skills and helps build character. The child development class, for example, teaches students what it is really like to be a parent or be in a teaching situation. The class is set up like a pre-school, and students bring in their little brothers, sisters, or other relatives to class to prepare them for pre-school. This class teaches valuable skills to both students and youngsters.

An excellent way to prepare for a future career is to take business courses. For example, just a couple of classes in typing can provide experience for clerical jobs. Typing classes also teach more than just where the letterkeys are located or how to type a letter. Some of the lessons teach grammar, how to write research papers, and other valuable writing skills. Exploratory business and accounting classes are also beneficial to students who will be getting jobs and budgeting their expenses.

***(left)** ReAnn Schyltz shares a tender moment with a friend.*
***(above)** Future scholars learn with Mary Readman.*

# Math Classes Range

Math classes ranging from basic and general math to trigonometery and calculus are offered at Edison.

For the class of '83 the math requirement for graduation is one year. The graduation requirement for the other classes will be two years.

According to Mr. Anderson — Algebra II, Trigonometery, and Geometery teacher — the math class most people take is Algebra I or general math.

Other math classes offered are Algebra II, Algebra II-Trig., geometery, math analysis, vocational algebra, and consumer math.

***(right)** Brenda Smith takes a break from the rigorous work of math.*

***(top left)*** *Pat McFadden shoots over the opposing team.*

# P.E. Keeps Students In Good Shape

The Physical Education classes this year consisted mostly of freshmen and sophomores because juniors are not required to take P.E. anymore. However, there were some juniors and seniors who took P.E. because they enjoyed it or they needed the credits.

There are a variety of sports that P.E. offered including basketball, softball, tennis, volleyball, and freshman swimming. P.E. may be getting smaller and smaller each year, but the students like it because it keeps them in good shape.

***(left)** A student dives head first into the pool.*

***(below left)*** *Mike Goodikee and David Aronson work on a lab in Mr. Jensen's physical science class.*
***(bottom right)*** *Heinrich Farin examines cells closely under a microscope.*

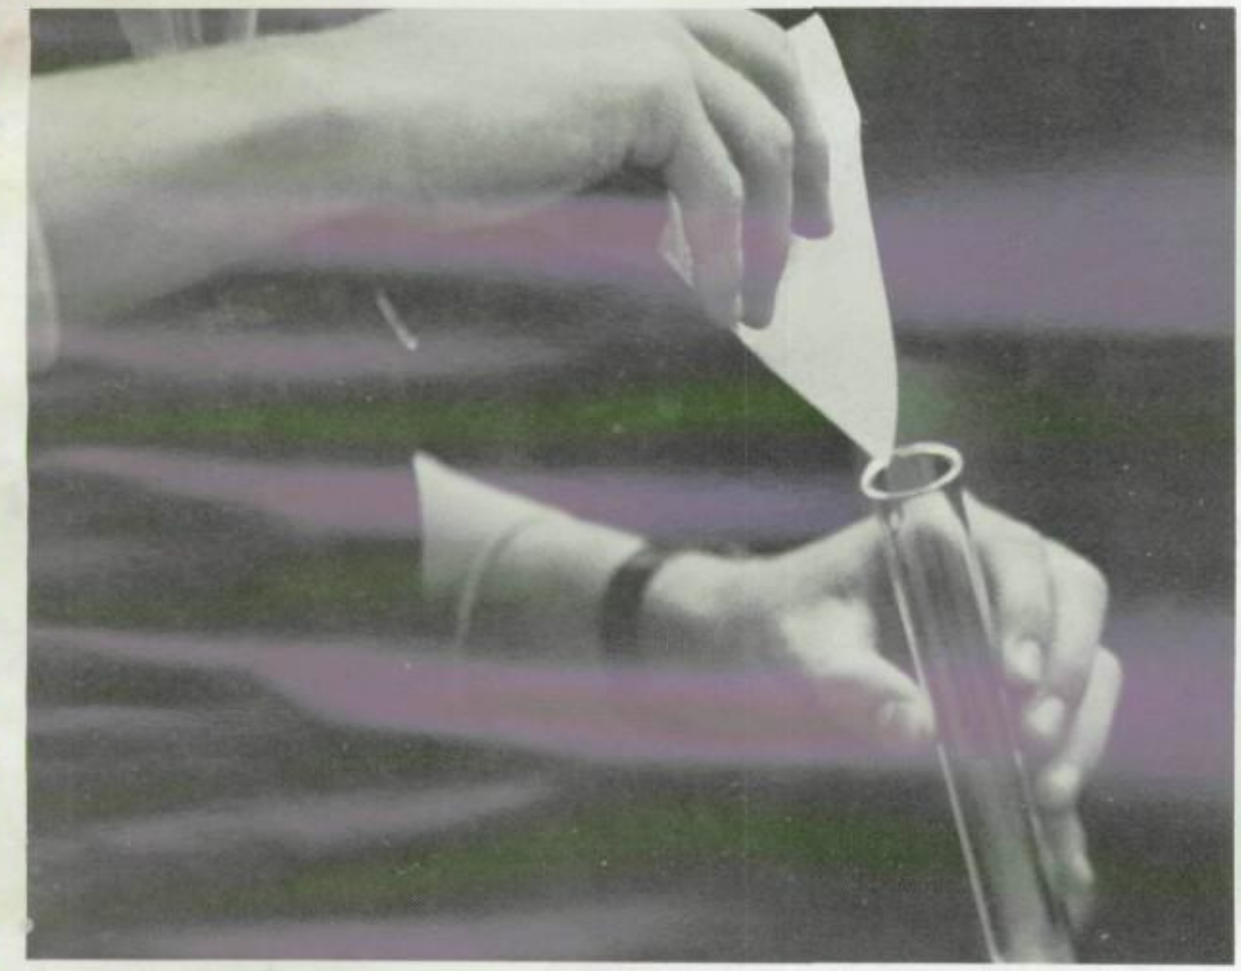
# Science Offers Class Variety

The Science department has always been of excellent quality. The classes range anywhere from basic life science to chemistry and physics. Science, being a department that is always in demand, has many classes offered.

In the area of biology, Edison offers such classes as life science, ecological biology, and cellular biology. Dissections of animal life are a big part of these classes.

In physical science, Edison offers classes like basic physical science, physics, and chemistry. A major event in the physics classes is the egg drop. Students must devise a way to drop an egg from a two-story building without breaking the egg.

For Edison students to graduate, they must complete one semester of life science, and one semester of physical science. Many students take a lab science to fulfill their college requirements. However, some students take more than the requirements simply because they find science interesting.



***(left)*** *Student mixes chemicals in lead nitrate experiment.*
***(bottom left)*** *These are some of the chemicals and equipment used in chemistry labs.*

# Parlez Vous Francais?

Foreign language is a very popular subject among students. Many students take two years to fulfill their college requirements, but some students enjoy the subject and take a full four years. This department offers Spanish, French, German, and English as a second language. Students participate in conversations and speeches in their new language. To become further involved, students may join such clubs as the Spanish Honor Society or the French and German clubs.

***(below)** Mr. McLeish expresses his feelings about Spanish.*

# From The Classroom To The Community

Most sophomore students look forward to Traffic and Safety. The teaching staff, made up of Mr. Farr, Mr. Mang, Mr. Marquez, and Coach White, are the ever popular instructors. The class began with room instruction and after tedious paperwork, students moved on to the simulator. In the simulator trailer students sat behind the steering wheel of stationary car. In the trailer they practiced braking, signaling, and stay alert procedures while viewing a film.

The students soon started driving the real vehicles as cautious instructors covered their emergency brakes ready for anything to happen. Besides learning driving skills, students participated in drown-proofing and learned other basic safety procedures.

Special education this year was a great success. This program was made up of vocational training, learning skills, and resources. The program gives students assistance in choosing classes, organizational skills, and finding jobs. Students spent many hours with work experience, basic learning, and future plans.

One of the more important areas is the vocational training club. Members visited many different employers including public libraries, fast food restaurants, Goodwill, Printronics, and Naugles. The club members are then placed in various jobs modified for the students. This year the importance has been placed on molding successful employees and supplementing student's social skills in the community. In addition to gaining jobs, students receive valuable experience.

*( **top left**) Amy Howell takes a break from working on hand made crafts.*

# Another Year With The Bell

Although a disappointing preseason had dampened the Charger spirit, their performance at the Big "A" against Fountain Valley left no doubts as to who deserved the Sunset League title.

The Charger lightening-bolt overpowered the Barons both offensively and defensively throughout the game. The defense was expertly led by Matt Hombs, denying all of Fountain Valley's touchdown attempts. The defense was so strong that the Barons could only score one field goal during the entire game. The offensive team, led by John Nowotny, completely destroyed the Fountain Valley defense. The Chargers marched down the field, capitalizing on all Baron mistakes. The offense really started to move when Nowotny scored a record-breaking 95-yard touchdown. The Barons were once again realizing the power of Edison football.

With excitement and skill, the Chargers had led the game. The playing on the field left little doubt as to the final outcome/Edison's victory.

The 14-3 game has supported annual tradition of defeating Fountain Valley, as the Barons have not won a game against the Chargers for four years. A cheering crowd left the Anaheim Stadium that night, as the Chargers left with a defended title and the well-deserved Victory Bell.

***top right)*** *Andy Sinclair is congratulated by Jerry Grahm and other players after sacking the quarterback.*

# Varsity Wins Fifth Straight League Championship

This year's varsity football team had several unanswered questions they needed answered. One was "will the lack of experience keep Edison from a fifth straight Sunset League championship?" Everybody knows the answer to that question.

Coach Bill Workman knew he had a legitimate chance at the league championship. He also knew the team was very young and lacking experience.

The team started slow and was 2-2-1 at the end of five games. After victories over Punahou of Hawaii and El Dorado, 44-13 and 10-7 respectively, the team scored only seven points the next two games losing to Vista and Banning. The last preseason game wasn't a win, but it was a turn for the better. The Chargers tied Mater Dei and started their trek to a fifth straight league championship.

Marina was the first obstacle. Winning by the largest margin of any league game, the Chargers made short work of the Vikings, 23-7. The next two games were much the same with Edison coming out on top in both contests, 21-16 over Huntington Beach and a 17-3 over the Barons of Fountain Valley. The next game however, was an eyeopener.

Going into the game with what junior lineman Andy Sinclair called a "we've already won this game" attitude, the Chargers suffered their only league setback to Westminster, 14-13.

The team ended the regular season with a championship clinching victory over Ocean View, 20-14. With the best defense in the Sunset League, Edison prepared for the CIF playoffs.

Led by two touchdown runs by Derek Griffiths, the Chargers flew by Crespi, 31-9. The next game was a very hard fought victory for Edison. John Steiniger scored on a one yard run and Gerry Graham kicked the decisive extra point to defeat Colton, 7-6. Despite two touchdown runs by Jon Nowotny, the Chargers' postseason came to an end, losing 21-17 to Long Beach Poly.

The main strength of the team was a very strong offensive line. The defense was also strong, especially against the run, yielding a measly 56 yards a game. That was combatted though by a relatively weak secondary, who gave up the cheap touchdown.

Several school records were broken this year. Nowotny had the longest run from scrimmage in the school's history by sprinting 95 yards against Fountain Valley. Graham not only had a school record field goal, but his 54 yarder was a Sunset League and an Orange County record. Graham also kicked a school record eight field goals in a season. Senior Matt Hombs set school records with three interceptions in a game, eight pick-offs in a season, and a career total of twelve. Eric Bergstrom had eleven quarterback sacks to set a school record.

# Experience!!!

Most of the students who attend EHS watch the football games on Friday nights, but what most students didn't know was on Saturday mornings there would be a J.V. game.

All the varsity players would practice together, and the ones who didn't play or played very little on Friday night would play on Saturday morning.

It gave everybody a chance to play and gain valuable experience. Along with the underclassmen programs, this J.V. program gives players a chance to show the coaches what they can do. When they finally get the chance on Friday night, they are more likely to do better.

It is because of these programs and the coaches who put in the time and effort that Edison has been successful and will continue to be successful in the future.

# Underclass Teams Great

This year's Freshman Green and Gold football teams were both excellent. Not just as teams but as individuals.

The Gold team was led by Mike Angelovic, John Lowenbrook and Richard Lee. With their help and the rest of the team's efforts, they won every game. The talent was just amazing this year.

The Green team (Sunset League) was led by quarterbacks Jim Nowotny and Mike Smith. They won six out of nine games. Their line was led by Randy Goens, Brad Johnson, Greg Garcia, Tyler Hanson, and Wei-Ting Lin. The team's punting was done very well by Tim Bontrager.

Of course, none of this could have been done without the help of head coach Fred Marquez and Gold team head coach Fred Hemending. Coaching defense was Scott Huden, lineman was Bill Steemen, linebacker was Tony Cieralli, and receiver was Rick Foster.

# Boys' Cross Country Has Improved Season

The boys' Cross Country team, under Coach Ruben Chappins, finished second place in league with a 4-1 record. A great many achievements included placing well in the Orange County Championships, The Mt. Sac. Cross Country Invitational, and Costa Mesa Invitational.

Strong runners included Mike Coe, Gene Patino, Jon Zertuche, Mark Kisner, Martin Semanek, and Matt Weaver. This year's record was a drastic change from last year's 1-4 record. "All of the credit goes to our coach," said Jon Zertuche.

Mike Coe was again the top runner in the school, as well as one of the dominating runners in the state.

# Experience Helps Cross Country

Once again, with the help of a more than adequate coaching featuring former Edison student Douglass Cluff, the team was aided by a coach with more experience.

With a greatly varied team membership, there was the definitive presence of groups of different fads who together helped lead the team to a glorious season.

The team can boast with pride their excellent runners who exhibit dedication as well as talent and skill.

# Water Polo Challenges C.I.F.

Edison's varsity water polo team did very well. They went to the CIF finals for the second consecutive year, unfortunately losing to Long Beach Poly.

The varsity team was lead by Kevin Rudd, Mike Malloy, David Wadleigh, Todd Jones, and Jim McMillen.

Kevin Rudd and Mike Malloy made Sunset League first team. Kevin Rudd was named M.V.P. Mike Malloy received the award of captain.

The frosh-soph team was lead by Russell Cox, who receivedthe sophomore M.V.P. award; Mark Allison, who made the Sunset League first team and was named captain of the sophomore team; Rick Carlson; Keith Wilkinson; Jay Miller; and Eric Ching. Ching was named freshman M.V.P. Miller was named captain of the freshman team. Thanks to the leadership of coaches Chuck Moore and Bobby Dolan, the Chargers had a great season.

# Defense Leads Varsity Basketball

Varsity basketball coach Barry Leigh described the 1982 - 83 season as "somewhat disappointing." He expected a much more improved unit during Sunset League play. Instead, he watched his team tumble to a 1-9 record in league competition.

The team did provide a lot of excitement with the outside shooting of senior guards Jeff Washington and Brendon Masterson. Other seniors also included Ken Drazkowski, Darryl Iowasaki, Chris Mallard, Bruce McAlapine, and Don Gibbs.

The team's make-up consisted mainly of juniors. Such standout returnees include Tim Whertner, Rodney Johnson, Brad Hachten, Andy Sinclair, and John Thomas. With these returnees, Edison looks like a favorite for next year.

# Up-And-Down Season For J.V.

Considering the fact that the bulk of this year's Junior Varsity basketball team were moved up to the Varsity team, it was still an exciting team with young players. Coach Paul Harrell best described this year's J.V. team as "inexperienced." The majority of the team's make-up consisted of inexperienced players. Ken Wiles, Todd Leavy, and Bob Phenice were the three regular starters throughout the season and contributed greatly. Juniors Dale Thayer, Rich Weeks, Jon Nesbitt, Andy Bellows, Todd Roberts, Phil Gregory, and sophomores, Chris Somberg, Britt Willits, and Grayson DuBose also contributed to the team's success.

# Soph-Frosh Basketball

Coach Dave Mohs may have described the 1982-83 sophomore boys' basketball season as "up and down", but the campaign still possessed a considerable amount of excitement. The squad got off to a fairly slow start, but soon won seven straight, taking the Edison tourney in the process. The team's members will probably play a starring role on Edison's varsity squad in coming campaigns.

The freshman Sunset League team, led by coach Ken Ammann, had a fantastic year, going 21-2, winning the Estancia Tournament and breaking several individual, season, and team records. "They're the best shooters I've ever seen, and we've come a lot further than I ever thought we would," commented coach Ammann.

Five years ago, Edison had two freshman basketball teams. The second team had been used to give the varsity and junior varsity teams more talent to pick from when choosing their members. The second team was brought back this year, and coach Tim Leavey predicted that one or two players would go on to make the top two teams.

# League Champs Set Records

Edison High's varsity girls basketball team, coached once again by Dave White, concluded the 1982-1983 season with a 23-3 record for the regular season and a perfect 10-0 mark in Sunset League play. Three season team records wee set by the squad (most wins, most points in a season, and most assists in a season). Playing a lengthier-than-normal schedule, they won two of the three tournaments they entered. It was, in short, one of Edison's most successful years, the squad capturing the Sunset League title and advancing through a round of CIF playoffs.

Coach Mary Krupka's junior varsity squad went 13-6 in 1982-83 and 7-3 in Sunset League competition. Fully two-thirds of the twelve girls were freshman players, with about half of the starting lineup being composed of first-year students." They hustled a lot—they never gave up," observed Coach Krupka on the team's reasons for success.

# Soccer Challenges CIF

The soccer teams this year proved to be a dominate factor in the Sunset League. The varsity team was led by Lars Wyberg, Gerry Graham, and a strong defense was provided by Eric Biefeld.

The Junior Varsity came in a tie for first place and was led by Jim Held, Jon Zertuche, and Mark Campbell. They each had 5 goals. Strong goal tending was provided by sophomore Lance Wulterin.

The Freshman team had a successful year also. They tied for first place in the Sunset League. "Everyone put a strong effort in their games," exclaimed Coach Mike Digivanni.

Ramon-
It was fun being in Christy's class. I'm sorry Mrs. Leigh picked on you at first. I hope you have a terrific Summer. Be good & stay out of trouble.
Love
Stephanie
Torrance

# Girls Soccer Gets To CIF

This year's girls Varsity Soccer team showed excellent performance on the soccer field. Captains Kim Walulik for varsity and Nanette Smith for J.V. led their teams with positive thoughts and words of encouragement. Coaches Renee Nadon and Mrs. Silva coached the team who later went on to beat Torrance who was ranked number three in C.I.F. The girls also made it to the semi-finals.

# Tennis Works For Five Straight

Edison's varsity tennis team looked forward to winning its fifth straight Sunset League championship in 1983, thanks to the overpowering play of the squad's members, especially Lars Wiberg, Andrew Ball, Mike Whitcher, and Larry O'Connell. The junior varsity and frosh-soph team also enjoyed great success.

# Girls' Tennis Continues Success

Girls Tennis did it again. They captured the Sunset League Championship for the second year in a row, with a 16-3 winning record.

Leading the Chargers in their successful season were Nicolle Simmons and Cheryl Howell, who were undefeated against Marina, helping to secure the championship. Ina Sekas and Pam Smith were the other outstanding players on the team, fighting their way to C.I.F. The pair ended their season as one of the top sixteen teams in California for doubles play.

For their efforts, Ina Sekas was awarded Most Valuable Player, and Pam Smith was made Captain. Other awards went to Tracy Lott (Hall Of Fame) and Cristie Klubnik (Most Improved).

***(left)** Cheryl Howell keeps her eye on the ball to prepare for her next play.*

# Baseball
# Ready To Win

Headed by the varsity team, Edison has three outstanding programs including Fros./Soph. and Junior Varsity. Varsity head coach, Ron LaRuffa, says he has high hopes for this year's squad. The team is fundamentally sound throughout the infield, outfield, and pitching staff. Some of this year's standouts include seniors Todd Maybe, Tom Duggan, Charlie Guest, and Shaun Takkinen. It's also a young team which includes junior stars Paul Ellison, Andy Sinclair, Danny Goodwin, Matt Kelley, Matt Powell, and Brian Coe.

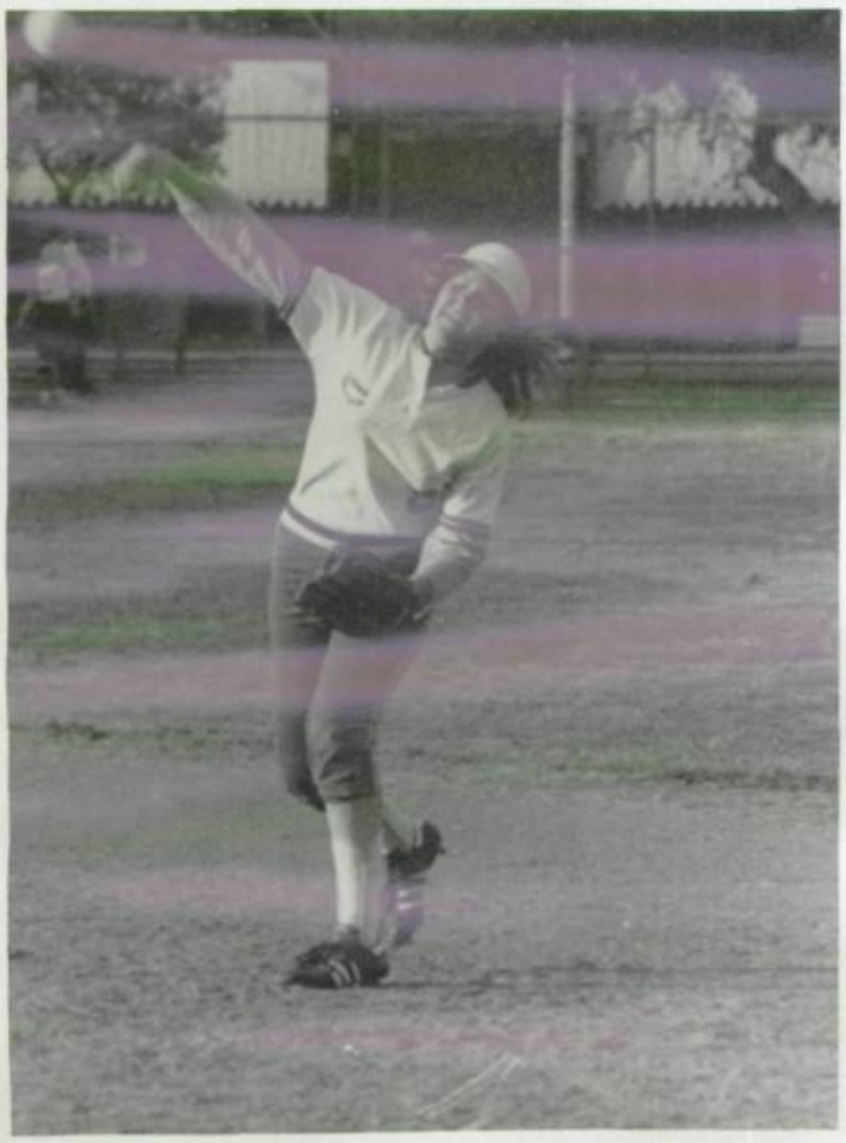
# Expectations Realized

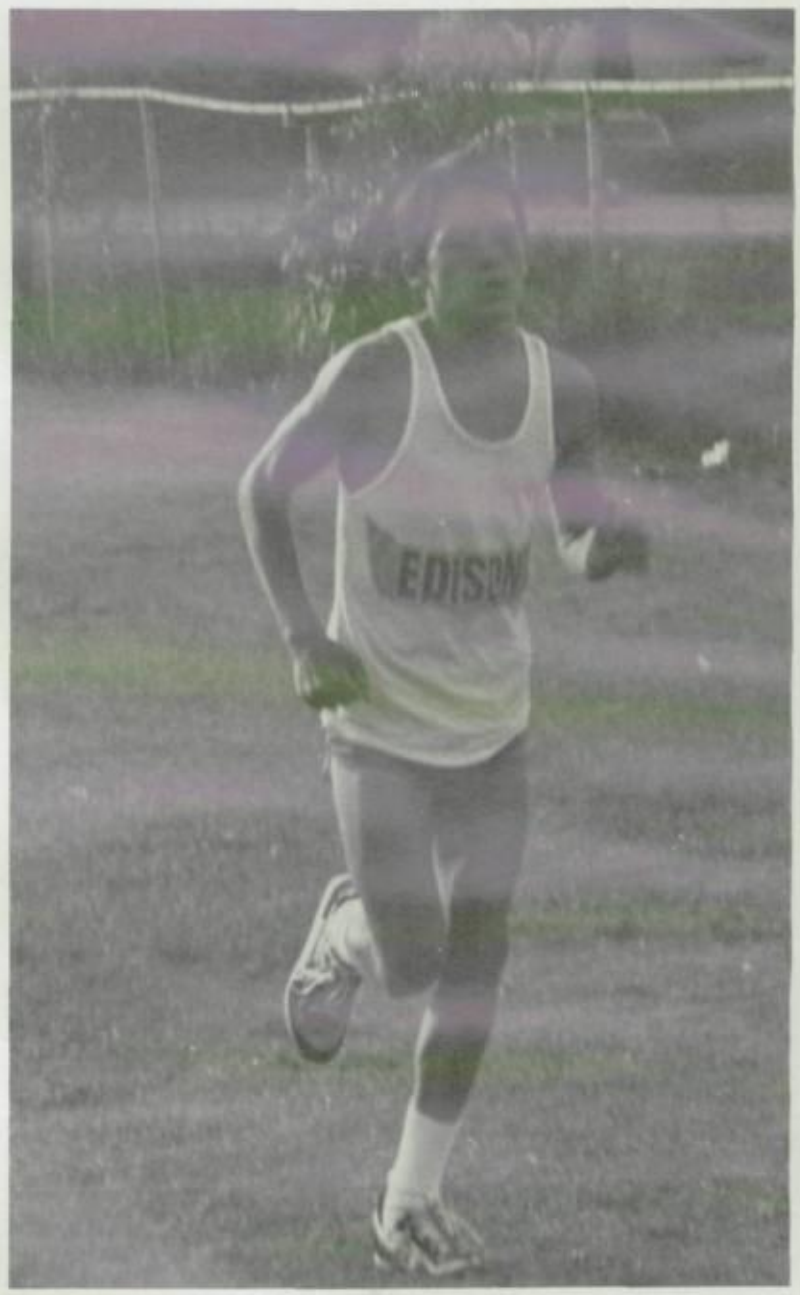
Girls' softball experienced an excellent season during 1982, and the 1983 season seemed to rival the preceding year in terms of excitement and overall level of play. The girls' varsity was once again proved the high CIF ranking they received was no mirage on the field. The season began on a great note with a sizable winning streak. The team also boasted a fine asset in pitcher Julie Carpenter, who as a sophomore was one of the top-ranked hurlers in CIF.



***(Opposite page)*** *Angie La Sasso gets a good hit in during a game.*
***(above)*** *Edison's pitching staff proved their value many times; here, one member hurls the ball against the Tustin Tillers.*
***(left)*** *Melanie Cooper throws a runner out at home plate.*

# Hard Work Pays Off For Track

It was another year of hard work for the boys' track team, and such a practice schedule produced good results among the team's members, with a strong field and distance teams expected during the 1983 track and field season. Coach Rick Foster clearly looked forward to another fine year of boys' track as much as the team themselves. These Chargers worked ardously at their sport; they received their just rewards.



***(top)** Top-ranked pole vaulter Donnie Dufer heads over the bar.*

***(top)** The boys' track team for 1982-1983.*
***(left)** An Edison runner during a team practice session.*

# Girls Track Does Well

Girls Varsity Track team as well as the J.V. team were both coached by Reuben Chappins. There were many returning members from last year including many new members. The varsity team led by Leslie Pratt and Barbara Rainey, who are both ranked high in C.I.F., trained hard and long. The J.V. also had a very successful year against tough competitors.

***(right)*** *Leslie Pratt runs warm-ups before a meet.*
***(below)*** *Girls Varsity Track Team.*

***(top)*** *Girls J.V. Track Team.*
***(bottom)*** *Edison track competitors sprint four hundred meters during a practice.*

# Volleyball Plays Rock-Em-Sock-Em

Once again Edison is famous for its excellence of volleyball. Returning varsity players Joe Krafka and Randy Hetrich lead our elder squad into another promising season.

The Junior Varsity team is well bred in the fundamentals of a championship squad. Returning players Nam Tong, David Wetzel and Ki Lee are functioning well under the able leadership of coaches Gary Nahamura and the outstanding Rocky Curella who add that winning touch to our team.

In past seasons, we have maintained a brilliant competitive promise to be number one in C.I.F. against such foes as Marina and Newport Harbor. In the words of returning varsity player Tom Simpson, "We play a 'Rock-em'-sock-em' game" and this may be a key to their great record.

*Joe Krafha, mellows out after a game.*
*The boys' junior varsity volleyball team.*

# Volleyball Challenged

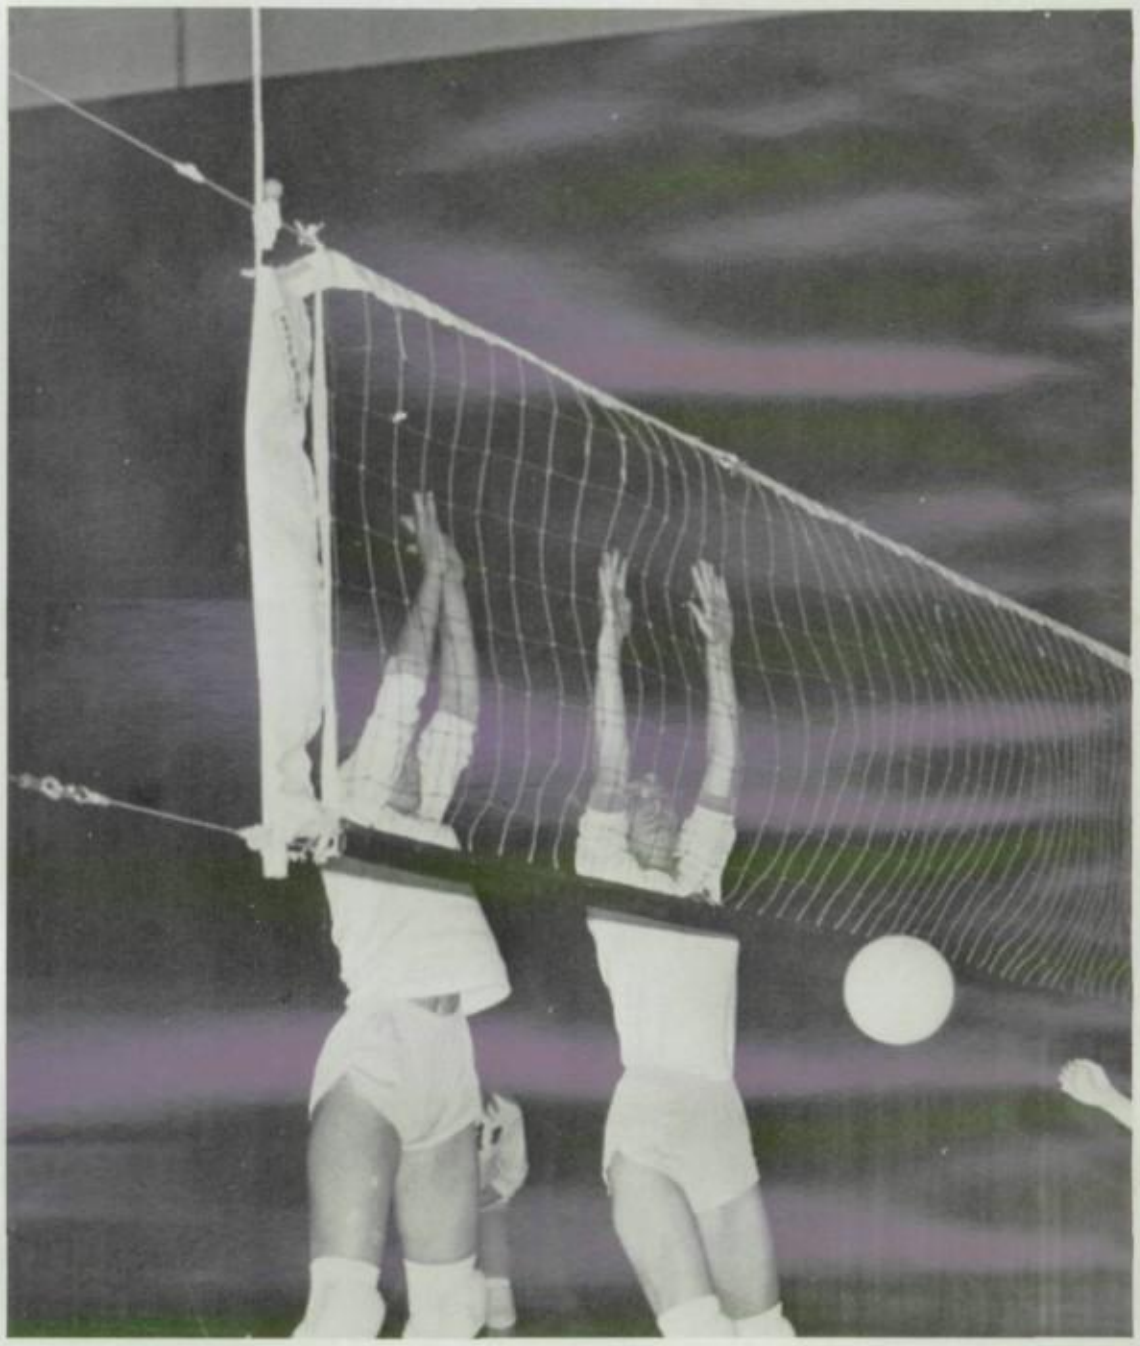
Though winning only one game this year, Edison's girls' varsity and junior varsity volleyball teams gained valuable experience.

Rebuilding with returning varsity squad members Melanie Brown, Angie Relic and Rhonda Collins, Coach Chart Bruton looks forward to coaching a more experienced group of girls next year.

The varsity's only win came over Huntington Beach High three games to none.

The junior varity was led by Lori Bissinger, and they were also coached by Bruton.

Their lone victory was over Ocean View two games to none.



***(below)** Girls' Varsity Volleyball. **(top row)** Vicki Hagemeyer, Monique Parent, Melanie Bowen, Rhonda Collins, Coach Chart Bruton. **(front row)** Kelly Winkler, Kathy Gorman, Erin Tomblin, Angie Relic.*

***(above)*** *To improve the team's competitive edge, Coach Chuck Moore checks the times during a meet.*

# Swimming Endures Tough Competition

The Varsity Swim Team began another rugged season of dual competition under the direction of former swimming ace Chuck Moore. The team accumulated two new members to increase the total to fifteen members.

Neither rain nor any other inclement weather kept the team from practicing. They practiced up to five hours a day, swimming as many as ten miles during that time. Under the guidance of assistant Coach Kate Whitmoore, the Frosh-Soph team was kept busy preparing for the League Championships.

***(top)** Varsity Swim Team. **(top row)** Mark Allison, Chris Pepper, John Wood, Mike Malloy, Jerry Nuzzo, Gary Godstein, Kevin Rudd, and Coach Chuck Moore. **(bottom row)** Chris Duax, Jeff Wheeler, Jim McMillen, Craig Pepper, John Mangus, Daniel Wadleigh, and Todd Jones.*

# Practice Rewarded

During the 1983 season, girls' swimming proved successful once again; for that matter, the varsity had placed either first or second in Sunset League competition since 1975. Hard work was part of the swim team's regimen, as they met five days a week for a series of two-hour practices after school. Coaches Pauline Bachakes and Robin Roberts could once again be proud of their Chargers, as it was another season of high achievement.

***(right)** Beth Healy prepares to dive.*

# Surf Team Places Second In League

The Edison Surf team had a very successful season, placing second in the league. Edison lost only one meet, which was to Huntington Beach High School. Edison had a great team which was lead by Dan Parkovich, Teddie and Richie Bennett, Jim Flores, Robert Burke, Steve Kane, Brandon Miller, Brian Wall, Joe Kraftka, and Todd and Kevin Bonnett. Edison was fortunate enough to have Chris Conceicao who is the best ranked knee rider in the nation so far this year. Thanks to the outstanding coaching of John Rothrock, Edison had another great season.

***(left)*** *Jim Hartman does a slash back.*

# Alpert, Goldstein, Guy Lead Team

Edison's wrestling teams had an overall good season sending two seniors to the Southern California regional meet and one went on to the state meet.

League champions Arnold Alpert, Gary Goldstein and Wayne Guy lead the team to a 13 place in the CIF tournament. Alpert and Goldstien reached the regional meet and Alpert went on to the state meet.

According to Coach Terry Lorentzen the strength of the team was their willingness to work. The talent was raw and inexperienced, so Lorentzen had to mold each individual. He said they got a lot better.

Graduation will take seven of the varsity competitiors off the team for next year, but there are six pretty good ones coming up from the other teams to fill the shoes.

Lorentzen predicts a better, much more balanced team next year with not so many weak weights.

# Field Hockey Gains Valuable Experience

This year's field hockey team, although mostly inexperienced, did a great job coached by newcomer Cindy Sparks. Led by returning players Cathy Bordon and Lynn Baum, the team gained valuable experience as the year progressed. At the Valley Tournament the team did manage to hold number two ranked CIF team Charter Oak to no score, but lost finally on penalty stokes. Even though the team wasn't as successful as last year's the girls learned many valuable lessons.

# Golf Has A Promising Season

This year's boys' golf team brings six letterman back from a team that finished second in the Sunset League and qualified for the CIF Regional Tournament.

Add to those six returning letterman a newcomer for 1983 who Coach Barry Leigh calls "a talent" named Greg Meyer.

The returning letterman are Scott Hambrecht, Mike Banks, Tony Lanza, Ross Cooper, Bob Davies and Richard Hurd.

The Chargers record last year was 7-3 in the Sunset League.

The players Leigh will be relying on most this year are Hambrecht, Lanza, Banks, and Meyer.

Home meets and practices are at Seacliff Country Club.

# Dance Production Under Goes Changes

Dance Production had a very fulfilling and exciting year. Led by President K.O. Burk, Vice-President Lynnae Pecoraro, Treasurers Staci Weinburg and Janice Ferguson, and Art Directors Theresa Smith and Laurie O'Brien, and under the teaching and coaching of Jan Wood, the Edison Dancers went out on the road for a change.

For the first time at Edison, Dance Production did not limit themselves to the once-a-year preformance but rather took a modified version to country clubs and grammer schools. The responce to this "mini show" has been excellent.

To be a member in Dance Production requires a lot of hard work and years of dance. Every year dancers and newcomers have to try out to be selected as a member of Dance Production.

Through all the changes dance has had quite an exciting year.

*(**top right**) Dance Production Officers. (**back row**) Lynnae Pecoraro (Vice-President), Staci Weinburg (Treasurer), Jan Ferguson (Treasurer), Laurie O'Brien (Art Director), and Theresa Smith (Art Director). (**front row**) K.O. Burk (President).*

# Reps. And Senior Council Offer Ideas

At the beginning of each semester elections are held in each homeroom to elect a student or students to represent that class by becoming part of the student government, in the House of Representatives. House of Representatives enables delegates from each class to put in their ideas on such subjects as the Christmas Dance, spring activities, sports, Homecoming, Queen of Courts and lunchtimes activities.

When the meeting is over, the Reps. take the information back to their homeroom and let the students know what is going on.

Another one of the most active organizations on campus this year was Senior Council. They were very active in planning activities and fund raisers. Led by President Cindy Chikahisa, Senior Council did a great job of cooperating with advisor Mr. Heckman in coordinating the seniors' ten year reunion.

Both organizations were very vital to have on our campus this year and were responsible for many important activities.

# Councils Have Very Active Year

This year Junior Council was led by Denise Lagaspi (President) and Linda Powers (Vice-President). The main goal of Junior Council was to raise money for the Junior/Senior Prom.

Sophomore Council was a very active group this year, led by President Candice Kirk and Vice-President Karri Taylor. Sophomore Council's spirit led them to victory in almost all class competitions.

The Freshmen this year had an exceptional year showing much enthusiasm and spirit. The Freshmen were led by President Pam Leonard and Vice-President Heather Chapman.

# Twenty Students Honored

Youth of the Month is a singular honor accorded to 20 seniors each year. Two Youths are selected each month by a panel of Senate members. The winning seniors are honored for their involvement and achievement in various campus activities, including student government, athletics, and clubs. In addition to involvement, the seniors are judged by their grades. After the students are chosen, they are invited by the Huntington Beach Exchange Club to a luncheon in their honor. In addition, they were presented at a meeting of the Huntington Beach School Board.

At the end of the year, two superior seniors are chosen as Youths of the Year, and are honored at the Senior Awards Ceremony.

# Dedication Pays Off

Many long hours and hard work went into this year's yearbook. Picture taking, collection on facts pertaining to clubs, athletics, organizations, and other activities were accomplished by the staff. When deadlines came around, the Editors and their staff members stayed after school and a few dedicated even gave up Saturdays to meet vital deadlines.

Helping students to understand the production of a yearbook, three Oracle members attended a summer workshop at UCSD. The instruction helped them to improve copy, captains, layout styles and photography.

Under the advisement of Mr. Jim Wheeler and Editor-in-Chief, Becky Visca, the 1983 yearbook has made it appearance!

# Journalism Endures Changes

The newspaper staff had a lot of changes this year. The major change was the introduction of the Short Circuit, a weekly edition which recieved a lot of good responses from students and teachers.

The Short Circuit was also accompanied by the original Edison High School newspaper, the Live Wire, which appeared about every six weeks.

The staff of about 20 students, directed by Editor Lisa Ottman and assistant Shonna Tate, reported all important news with plenty of help from every student on the staff.

Every student received his and her chance to be a page editor on the Live Wire and the Short Circuit, which gave each person a chance to assist in pasting up and writing stories.

The staff also did other activities besides the newspaper. They attended journalism seminars, entered writing contests, and went to a local newspaper building. Overall, they produced a great paper with a tremendous amount of after-school work and great team effort by all.

A takeoff from the Yearbook Staff and Newspaper Staff was a journalism honor society, Quill and Scroll, consisting of juniors and seniors. These club members did work both on the newspaper as well as the yearbook, challenging their journalistic skills.

# Keywanettes Lead An Active And Productive Year

Keywanettes is a service organization appealing to young women who have a desire to become personally involved in making their community a better place to live. The many functions they do each month help to improve community and school environment. Such projects they do are shopping, for senior citizens once a week, and volunteer time at Fairview. One of their main fund raising events of the year is the Valentines Dance.

The Key Club is a service organization linked to the international organization of Key Clubs. The purpose and goal of Key Club is to provide services for the school and for the community around them. Both Keywanettes and Key Club provide very helpful services throughout the community. They provide a means of self growth through leadership and of satisfication through accomplishment. They are also a means of forming friendships.

# Drama Introduces New Tradition

Drama Club, one of the oldest organizations, has once again turned in another spectacular season. President Tim Sharp, along with Vice-President Clare Campbell, motivated their group to perform many interesting and unusual activities. One such activity was a "Murder Party." Each member "became" a character from the entertainment world, dressing and acting as this character for the duration of the party. Two people were secretly designated as killers, and it was up to the guests to determine the assassins' identities. The practice of "Murder Parties" is slowly being initiated as a drama club tradition.

Initiation is also a big part of the Thespian Society. Led by President Jonathan Fahn, Thespians are a drama honor Society; part of a nationwide

group. Membership is obtained only through nomination and initiation. Initiates (of which there have been many this year) must follow the orders of thier masters, giving impromptu performances anywhere, anytime. "This is not hazing, and we don't do anything illegal," stated Lynn Marcinko, Vice-President. Thespians are very involved in Edison Theatre and have helped a great deal in staging this year's school productions.

# Vietnamese, S-Club Set Goals For Active Year

The goal of the Vietnamese club is to help each other and to get involved. Besides sharing their culture, students actively participate in traditional holidays and customs by working with the other Vietnamese club members. This year they had two fund raisers. One was selling oriental food at the Homecoming Football game. The club's purpose is to share the Vietnamese culture and bridge the gap of understanding between the American students in school.

S-Club (Service Club) is an organization to help serve the community. They assist at banquets, concerts, dances, and many other school activities. One of the main projects is helping the Keywanettes with the annual Valentines Dance. There were committees to help decorate the dance, coordinate the Val-A-Grams sales, and schedule the time and place. S-club President LeAnne Nakanishi has dne a great job this year according to Mrs. McFarland, the advisor. S-Club has been very productive and contributed many services to our community.

# Students Learn To Be Quick

Teaching students to be quick in answering questions is just what Kiwanis Bowl is all about. Kiwanis Bowl is based on intellectual competition in testing recall of a vast variety of facts and general knowledge. You have to be quick at answering the questions because it is an elimination tournament held annually among many high schools in Orange County. Linda Carpenter, advisor, gave much time to turn out this successful group.

***(opposite page, top right)*** *Ken Needham discusses upcoming activities and events in Kiwanis Bowl.*

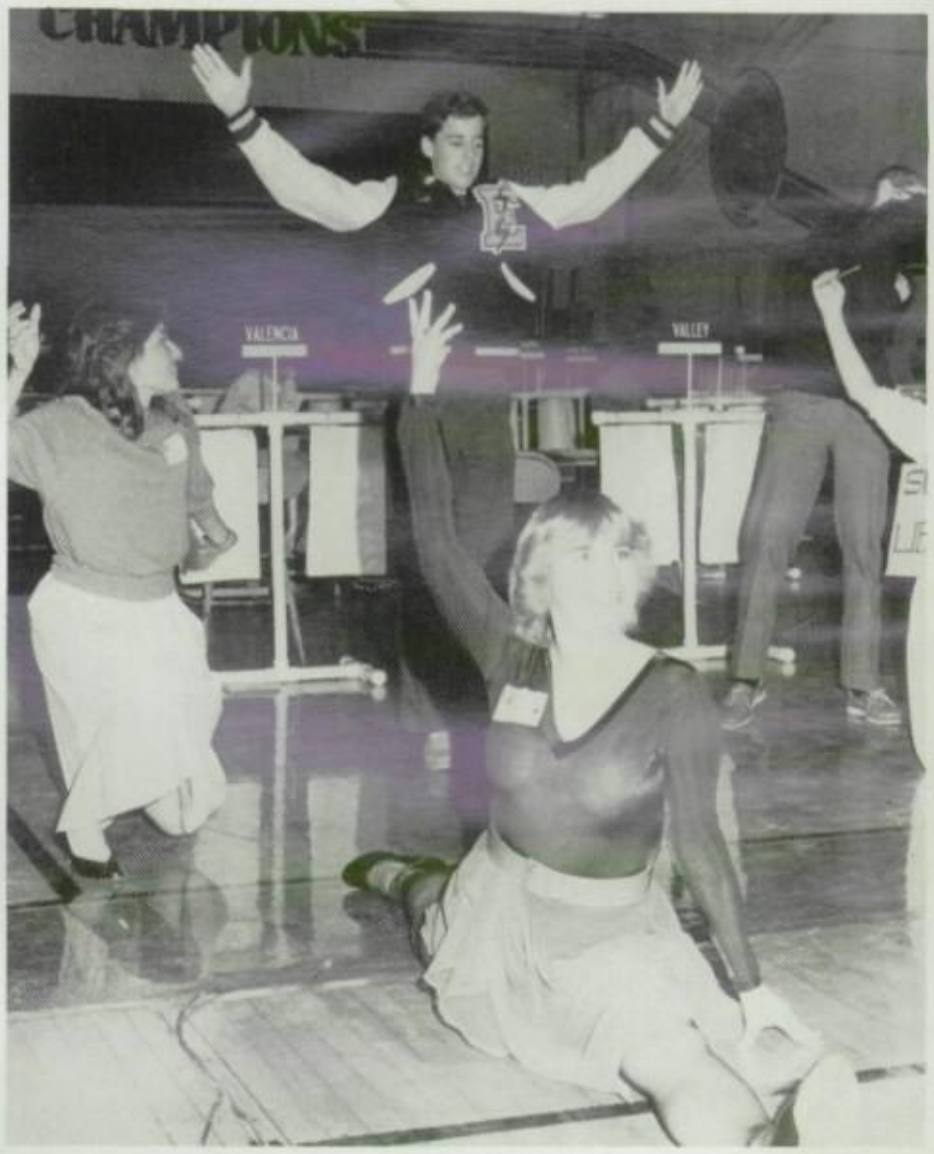
# New Class Opens For Competition

While most Chargers are still sleeping or just waking up, the Academic Competition class is already in session. The class, new this year, meets at 6:30 a.m. Coached by Linda Carpenter, the class has a variety of activities it competes in. Members compete in Kiwanis Bowl, Trivia Bowl, O.C.A.D., and various scholarship and essay contests. Despite the early hour, most students enrolled in the class feel that it is very beneficial.



***(opposite page, top right)*** *Lori Chavez, Jeff Wheeler, and Kelly George put their all into the competition.*

# Foreign Culture

This years' French Club had a large turn out. The club has more than doubled in size since last year. The purpose of French Club is to expose students to a bit of French culture.

The International Club is a new club for all students at Edison. The club attracts persons from many different countries who enjoy having a good time.

Spanish Honor Society also had a successful turn out. The club shows that there is more to Spain than a burrito or taco.

***(opposite page top right)*** *Renee Elmore patiently listens to the club members' points of view.*

# Mock Trial And A.F.S. Have Active Year

Led by advisor Mr. Jorgenson, make-believe court room comes alive with "mock" judges, lawyers, etc. The Mock Trial club was newly formed this year.q; American Field Service deals with foreign exchange students. Among their activities this year are car washes, candy sales, and parties at Disneyland and Knotts Berry Farm.

Both clubs have become very involved, and both have had quite an excellent year filled with fun and activities.

***(opposite page, top right)*** *Mr. Jorgenson shows his great sense of humor before a "mock trial."*

# Ski-Club And N.F.L. Have Exceptional Year

Under the direction of Mr. Wilson (advisor), Jennifer Eichler (President), and Linda Hannigan (Vice-President), the Ski-Club was on it's way to a fantastic year. Many activities were in store for this year's Ski-Club, and one of them was an unusual trip to Utah. Visiting Mount Alta and Mount Snowbird were the highlights of the trip.

The National Forensic League (N.F.L.), under the advisement and coaching of Mr. Andrews, made an excellent speech and debate team that made it through many competitions throughout all of Southern California.

# Small Precision Takes High Honors

In addition to their regular duties as members of the Drill Team, seven girls have also taken on the responsibility of performing on the Small Precision Team. Unlike Drill Team, however, Small Precision is dance oriented. Captains Chris Dunn and Claire Gandall practice with the team every school day from 2:30 to 4:30 p.m.

The girls' long hours and hard work certainly paid off, though. The team has won second place awards at Canyon High and a Cal-PAC competition. (Cal-PAC is a state-wide event.) Competition at Katella High won them a third place trophy. In addition, Small Precision has been chosen from 60 other teams to perform at the Opening Ceremonies for the Dodgers. This year is the first time in three years that Small Precision has placed in competition.

The Tall Flag Small Percision Team performed to the melody of "Friday the 13th part III" and "Dick Van Dyke." The team practiced for approximately two and one half hours after school each day to prepare for their competitions. They were awarded fourth place at the Clairmont Festival of Champions and sweepstakes at their San Diego competition. The team was lead by captains Debbie Tiff and Gina Dilday and lieutenants Gina Bustillos and Wendy Mandell.

# Club Rush Day Extended

Club rush day is one of the busiest days of the year at Edison. Chargers, whether they are freshman, sophomores, juniors, or seniors, race from table to table signing up for various clubs and organizations. Students have a rather large variety of choices with over twenty clubs to choose from, such as Quill and Scroll, Woodworking, Pep Club, Drama, S. Club, and Key Club. There is also a variety of foreign language clubs. Including German, French Honor, and Spanish Honor Society.

The students in the past were usually pressed for time and space since Club Rush Day was held only once a year for one day. This year was different. The day was extended for two days and opinions about it varied. For example, Laurie O'Brien said,

"No, it's too hot today" as Tim "Trent" Sharp, president of Drama club said,

"I think it is a much better idea than last year."

The clubs fill up rather quickly with new members as well as old.

# Spirit Runs High

Edison spirit was very high this year in everything from football games to pep assemblies on up through end-of-the-year-activities. Many organizations got the spirit flowing even when individual members had worries about which college to attend or the geometry test that was coming up. Some of the organizations important to spirit were Pepsters, Tall Flags, Drill Team, and Dance Production just to name a few. They help "The Charger Spirit" and make Edison a better place to be.

*(opposite page top) Pepsters use megophones to aid them in yelling a spirited cheer which got the Anaheim Stadium crowd going.*

ANOTHER ONE
BITES THE
DUST

# Band And Banners A Winning Combination

This year, as every year, the Marching Band and Tall Flags were a winning combination in boosting Charger spirit.

Present at every football game, the two groups added sparkle and enthusiasm to the already dazzling Charger performance. Their spectacular presentations were the results of countless hours of dedicated work, not always under the best of conditions. During the rainy season, the Band and Tall Flags were forced to march in the wet, with mud up to their ankles.

Not only did Band and Tall Flags perform at football games, but also at pep assemblies, competitions, and parades. Under the direction of Mr. McJilton and Mr. Keys, the Band and Tall Flags always came through. According to one Band member, this is because, "This year's Band and Tall Flags are the best ever!"

# Drill Team Has Exciting Year

As in years past, the E.H.S. Drill Team continued to uphold it's standard of excellence this year.

Captains Claire Gandall and Chris Dunn directed the twenty five member team in many exciting routines, to such songs as "Kids In America" and "Turn The Beat Around". In addition to their activities at football games and pep assemblies, the team competed in various parades and competitions. The Christmas holidays brought the squad's annual trip to Disneyland, along with the Band and Tall Flags.

The Drill Team's enthusiasm and spirit were displayed off the field as well as on. They participated in many school activities, such as the Halloween dress-up day, and gave Spirit Boxes to the football players before the Fountain Valley game. Says Captain Claire Gandall, "I'm very pleased with this year's team - it's been a very exciting and rewarding year!"

*Even when not in uniform, Drill Team members still show school spirit.*

# Pepsters Lead Vital Year

For many hours after school, the pepster squads were seen working on posters for the next week's game or perfecting their cheers. Their bright green and gold uniforms were easily spotted around campus as symbols of our Charger spirit.

Led by leaders Jenni Steinberg (Varsity Song) and Barbara Jo Gray (Varsity Yell), this spirited group included song and yell squads. They led capacity crowds to cheer on Charger fans. Buttons and ribbons were sold at games to help promote Charger spirit. In addition, the pepsters carried on the tradition of having huge posters that extended the circumference of the field.

Not only did their hard work prove effective at football and basketball games, they were also seen at baseball, soccer, and all water sports to cheer on and encourage the Charger athletes. The song squad was busy practicing a routine made especially for the Miss Drill Team competition held in January.

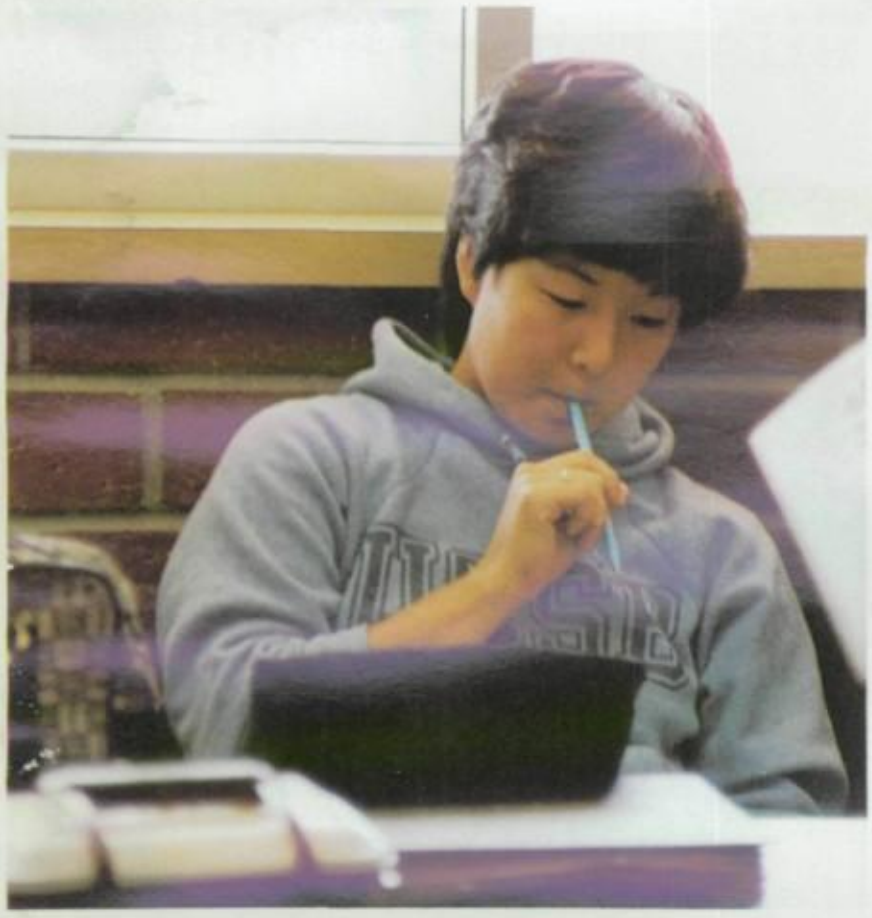
# Senate Plans Many Activities



Without Senate, Edison would have been without many of the extracurricular activities which helped make the daily life of a Charger a little more bearable.

Many of Senate's activities were invisible to the average student. For every lunchtime activity, pep assembly, or dance which took place, Senate members worked diligently to assure that the activity was enjoyable for all.

While the job might seem to be fun and games, there were several duties which Senate members did not enjoy. Changing the marquee was a tedious and time consuming task, as were hanging posters and cleaning up after pep assemblies.

Overall, however, the Senate members enjoyed their jobs. Stated Ken Drazkowski, ASB President, "Being on Senate gives me the chance to help make EHS great!"

# Choirs Sing For Concerts, Fairs, Groups

The Madrigal Ensemble is the top vocal group on campus. Members are chosen through a highly selective audition and must also be members in good standing of the A Capella Choir. The Madrigal Ensemble, which meets each morning at 6:30, is Edison's traveling choir performing for civic groups and private parties. They also hold concerts at schools, churches, convalescent homes, the Folk Festival, the annual Renaissance Faire in Augora and The Ambrosia Restaurant in Newport Beach. Ensemble concerts total approximately fifty per year. Their repertoire includes music from the Renaissance period to the present.

The A Cappella Choir is a large select vocal group chosen by auditions from Edison students as well as students from feeder schools. A Cappella performs large vocal works accompanied by professional orchestras at their Winter and Spring Concerts. These performances take place at various local churches. Their repertoire includes music from the 16th Century to the present. A Cappella sings at several shopping malls during the Christmas holidays. This year's highlight is a performance at an adjudicated choral festival held at Arizona State University at Tempe in the spring.

The Edison Charger Choir is an elective choir made up from all grade levels on campus. Future membership for both A Cappella and Madrigal Ensemble comes from the Charger Choir as well as from other groups. Their performances include caroling in the halls on campus with A Cappella before the Christmas vacation, as well as the Winter and Spring Concerts along with A Cappella and Madrigal Ensemble.

# Belcher Makes Senior Movie

The unknown facets of Edison are many. Among one of the mysteries on campus this year was the motion picture camera that kept popping up at school functions. This camera and its able bodied camera man, Activities Director Bruce Belcher, (left) have been capturing the life of the average Charger.

This year's production is the replacement for last year's end of the year slide show. The film will be edited to the final stages to include an informative narration as well as a myrid of popular tunes to conjure up memories of the past year.

In future years the film may be used as an audio-visual yearbook at such functions as class reunions and as a definitive memory maker.

# Seniors Join Competition

Why are all the people crowded around the bowl at lunch? They are having class competition. Class competition pits the freshmen, sophomores, juniors, and seniors against each other in many games and activities that include: the Block Stack (left), the Cotton Scoop, the Car Jam, Family Feud, and many other activities. These competitions determine who is the most dominant class and which has the most spirit. Winners of these competitions receive spirit points and the class with the largest amount of spirit points wins the spirit stick. "It takes a lot of planning and ideas," commented Ken Lee.

# Spirit Adds To Senior Class

The Senior Class this year was exceptionally spirited. They were involved in many activities, including the tug of war, pep assemblies, and activities in the bowl. These spirited seniors were also the first to volunteer for the various events conducted each week by the Senate. In these events, the class of '83 almost always came in first. During pep assemblies, they were very animated, and at games showed enthusiasm for the team.

# Seniors Treasure Formal Portraits

This year about 600 seniors had their pictures taken in the journalism room. Their pictures were taken by the Albert and James studio. This procedure took four days, sometimes lasting until 10 p.m., plus one day for make ups. Seniors had fun dressing up, although some had a hard time deciding what to wear. Their choices ranged from suits and ties (or shorts and ties) for boys, to formal dresses or casual sweaters for girls. Seniors will always treasure their portraits and their friends' portraits.

# Garfield Hits It Big

Have you noticed the amount of Garfield t-shirts and notebook folders this year at Edison? Garfield has to be one of the biggest comic strip stars to hit the funny papers in a long time. He's everywhere. You will find him in the form of stuffed animals, book markers, coffee mugs, tote bags, and on most everything in the children's department in almost every store.

People of all ages love Garfield because he is the cutest and funniest cat around. Everyone says that "Garfield's the greatest." Garfield is quite a star in show business also because he has his own television special and he also has the funniest books around. He's everyone's favorite pasta loving cat!

# Many Seniors Affected By Senioritis

When you are a Freshman you tend to get involved in everything from pep assemblies to tug-o-wars. When you're a Sophomore you still have that Charger spirit just inching its way out. By the time you're a junior things start to seem a little repetitous, but the Senior year, thats the worse. Senioritis makes its way in.

Being a Senior, all that is focused on is getting out of High School, with fairly good grades, and joining the adult clan out in that big bad world. Don't let Seniors fool you though, when you think they have it made, since its their last year. Many have not yet decided which college to attend or to even attend college at all. With all this on their minds, they seem to have lost touch with all around them, this is a typical case of senioritis.

# Senior Dating

When Fridays rolled around, senior guys started scraping the bottom of their pockets and the girls were nervous that they might not have a date. Some of the places that the seniors went ranged from McDonalds with its Big Macs and Chicken McNuggets to Velvet Turtle's Beef Wellington. Besides those extremists, most seniors went to see the latest movies for a fun evening (right). Some favorites this year were Poltergist, Friday the 13th Part 3, and the unforgettable E.T. Balboa was always a fun place to go. The Fun Zone, torn down during the year, was where food, games, and fun were all wrapped into one. A trip to Disneyland was always unforgettable. Guys acted brave trying not to scream on Space Mountain and girls clung to the guys for "protection."

After every date it was nice to stop in for an ice cream at Swensons. With an ice cream cone in one hand and 3-D glasses in the other, it was always (?) fun to top off the night with a kiss . . .

# Favorite Teachers

When some seniors were asked who was their favorite teacher here at Edison, they replied.
Holly Biggers: "Mrs. Carpenter-because she lets us have fun while we learn, and she treats everyone like a friend."
Debbie Roth: "Mr. Leigh-cause he treats students as equals and is friendly with everyone."
Shawn Benham: "Mr. Stolte-because he takes an interest in his students and really cares about education."
Evin Ashworth: "Mr. Ammann-because he is nice and funny."
Gina Bustillo: "Mr. Nicholson-because he's nice, funny, and always happy."

# Students Show School Spirit

High school spirit is shown in many different ways. There were twelve football games throughout the year, with a pep assembly that was held in the gym at lunch. Most of the pep assemblies were during the regular bell schedule. Spirit ribbons were also sold a week in advance. They might have a slogan written on it like "Edison Chargers tame the Panthers". A lot of cheering goes on at the games (left). One of the most used cheers was "lean to the left, lean to the right, stand up, sit down, fight, fight, fight!" The fans yell and cheer their hearts out when Edison scores a touchdown.

# Student Hard At Work

Maria Aardema (left), a senior, has two brothers and four sisters, two of which are currently going to Edison.

Maria works at the switchboard for Mrs. Debi Weinstock. Maria is working as an aide for future experience. Currently, she works part-time at *Phillips Upper Crust* as a cashier. She plans to go to a four-year college and study to be a Dental Hygentist.

Maria has a lot of responsibility at the switchboard. For instance, she helps locate students for teachers and other students. She also gives visitor parking slips, makes appointments for guidance technicians and puts messages in teachers' mail boxes.

Maria's other interests are waterskiing, horsback riding, and going to the Malibu Grand Prix on the weekends.

# Senior Reunion Planned

As seniors prepare themselves for college and other activities planned after graduation, many may not be aware of the planning being done for the five and ten year reunions. The class of 1983 will hold a five year reunion in the summer of 1988 at Mile Square Park in Fountain Valley. Seniors are to call the school at that time to confirm where and when it is to be held. Also it will be posted on the marquee in front of the school in 1988.

A posterboard of senior pictures, I.D. cards, class announcements, and other objects applying to school during the year will be hanging up in Mr. Heckman's room.

***(right)** Michelle Mc Nulty takes note as to where the reunion is to be held.*

# Some Seniors Prefer Different Music Styles

Although many musical groups were popular, a selected few were favored over many of today's current pep artists. Bands like The Stray Cats, Duran Duran, Culture Club, and ABC were discarded by many seniors in favor of less trendy artists such as David Bowie, Iggy Pop, and The Lords of the New Church.

Since the late 1960's, Iggy Pop with the Stooges and David Bowie have been recording albums with David Bowie having more universal appeal. More recently The Lords of the New Church burst out into the music world with a relatively small but very strong following similar to Iggy Pop's.

The fans who look up to these musicians now will surely admire them in the future.

# Clubs And Activities Offered At Lunch

The bell rings, signalling the end of fifth period. The mad crush begins—it's lunch time! Big deal. All one can do is eat, right? Wrong! Here at Edison, lunch was the busiest period of the day for some students. While many things seemed to be missing from school curriculum this year, lunch time activities were not on the list.

In addition to eating and socializing with friends, students were able to choose from a wide variety of activities from 12:30 to 1:04. Besides special events like the Dating Game and Spirit Week activities in the bowl, clubs and organizations were as popular as ever. Just about everything was offered on the Edison campus from service clubs like Key Club, S-Club, and Keywanettes to specialized groups like Woodworking, Ski, or Tuba.

# Rings Bring Memories

Many students purchase class rings as a souvenir of their four well-spent years at Edison. Years ago, the Senior Counsel would pick the color and style of the ring and all seniors would have identical rings. Each year the colors and styles would change.

Now that times have changed, each individual selects which style of ring and color of stone he or she wants. The Jostens Company has many different styles and colors to choose from, which makes the ring special to each person.

# Students Favor Tuxedo Look

What's in? What's not in? Right now just about anything goes. The hot new look at Edison this fall is the tuxedo look. To achieve this style, the girls are wearing pin striped trousers and blouses with lots of ruffles. To accessorize the look, striped, polka dot, or paisley bowties are being worn. Black patent or granny purses are then being carried by the girls. Colored stockings and black patent shoes then complete the tuxedo style.

In addition to the tuxedo look, jeans are being worn with a Polo or an Izod shirt. The brand names in jeans that are most popular are Gloria Vanderbilt, Levi 501's, Sasson, and Jordach.

# Teachers Involved In Many Activities

Edison teachers are involved with many outside activities along with their regular school work. Mr. Leigh, a social studies teacher, is the boys varsity basketball coach. The boys varsity basketball coach. The boys varsity baseball coach is Mr. LaRuffa, who is a freshman English teacher. In the physical education department, Mr. Workman has been a P.E. teacher and coach of the football team for nine years. In the academic aspect, Mr. Jorgenson is in charge of the Mock Trials, which are simulations of real court trials. During school he is one of our enthusiastic government teachers. These are just a few teachers who should be recognized for their outstanding contributions in student activity.

# Events Herald New Year

The beginning of school lead itself to confusion. The student body representative tried to relieve all that new year worries by presenting many, "back to school activities." Sock hops and football games gave students a chance to socialize on Friday and Saturday nights. Seniors were kept busy with the all important senior portraits, and freshman elections finished up the month. The student body members were becoming acquainted with one another. Overall, September was a successful month and the beginning of a very productive and active year.

# Graduates Name Plans

After four years of intense instruction and frustration, what awaits the graduating classes of Edison? One choice is to go directly to college; either four year, community, or technical school. Alternatives to continuing education are working full-time, travelling before settling down to school life, or entering the military. Here are what some students plan to do:
Kevin Keef: I want to go to a four-year college to study police science.
Suzie O'Brien: I want to go to a four-year college to study medicine.
Becky Dirchel: I plan to travel before going to college; possibly in Australia.
Julie Calvert: I plan to go to a four year college.

# Our Campus Friend

Many students know Joe Walulik ***(right)*** by sight on his familiar red scooter. He may be referred to as "campus cop" or "rent a cop", but his official title is patrolman. As a patrolman, he performs many diverse duties. He looks after lockers, regulates traffic through the bike racks, checks on restrooms, and administers parking permits to staff and seniors. He also gives out citations to people violating parking rules. As well as on school grounds, he patrols off campus.

For the most part, Mr. Walulik is pleased with the students at Edison, and from what he says, the students respect him as well. Hopefully, this relationship can last for many years.

## "Singing In The Rain . . ."

Fair weather smiled upon Edison for most of the year. However, there were times when the clouds opened up and let loose some badly needed rain. Jonathan Fahn and dancing partner Nick Pastis, ***(left)*** appear to have found a way to make the best of a downpour. Other students were rushing across campus to their classes before becoming drenched. The biggest storm occured before Homecoming, and had the appearance of a hurricane. The large palm tree in front of the administration building looked like a dandelion in a strong wind. Reportedly at rival Fountain Valley, lightning split a tree and communication with the school was impossible for quite some time.

# Locker Situation Crowded

The locker situation this year is a little crowded. The six minute passing period allowed to get from class to class is used up just trying to get to your locker, and most of all trying to push your way out.

The reason for this is that the office wants to tear out the other set of lockers and put in lunch tables with a roof over them for more eating facilities in the rainy season. Some students feel that we don't need them because there is enough room in the cafeteria. Most students are complaining about the crowds in the lockers because it increases the chance of being tardy. Renee Meyer, a concerned student says that, "The school should have issued the other set of lockers long ago."

# Computers Move In

Nineteen computers are being used in three different classes at Edison High School. There are two programing classes which are Basic I and Basic II. There is also a language class. In the future Mrs. Hopper plans on teaching an expanded class so that more students can take the course. Mrs. Hopper is also planning a class that will be required by incoming freshman in order for them to graduate. The high school district has one computer which hooks up to nineteen terminals at Edison. "The faculty will be educated in computer programming so they can teach it in their classrooms," said Mrs. Hopper.

# Smiles And Friendship

As time goes by, and things happen faster and faster, students will never forget the friendships that are made during their four year stay at Edison High School. The smiles are evident all over the campus. Friends pass by waving and smiling. Friends are important to us as we look forward to completing school and making a new beginning in life.

# Sophomores Enjoy Second Year

The sophomores are enjoying their second year at Edison. Now they know their way around the school and they don't have to worry about getting trash canned by the upperclassmen. The sophomore class is into the school spirit this year. They participated in the games during Spirit Week and they have lots of fun during the pep assemblies.

The sophomores are doing well in their sports this year also. The football team did very well this year and the basketball team got off to a good start. As you can see, the class of 1985 has had a good year. When asked the question, "How does it feel not being a freshman?," Nancy Mooney said, "It's great! Now I don't have to listen to anyone calling me a 'freddie' anymore."

# Conversations Popular

Conversation seems to occupy the majority of students' time. The talk revolves around a variety of subjects, such as Monday's homework or weekend activities. Most often, these conversations occur during class. However, between classes and at lunch are also popular times to speak with friends.

# Studying In Your Class

Time that is spent in class is valuable and it's time to pay attention to the teacher's instructions. When class is over, the halls and lockers are once again crowded, but before that, there are mostly just wandering people with their passes on campus.

*Each* class is 54 minutes long. Although many students lose interest in what is being said, they always seem to know what they are doing. Some students think that class time can be fun. It all depends on what you make of it. Others say, "I just hate it!" So no matter how you feel about it, it's your 54 minutes, so spend it at your own choice.

# Principal Satisfied With New Position

Mr. Kennedy is an outstanding principal. He enjoys his job thoroughly and even stated, "It is the best job I have ever had. In fact, I feel this career is tremendously rewarding."

He believes the most enjoyable aspect of his job is working with the students and being around them. He feels that being a principal is another way of helping out the students.

Mr. Kennedy has worked at two other high schools as a teacher and as an assistant principal. He feels Edison students and staff show more pride and spirit. Also Edison is academically one of the top schools in the district.

# A "Close Up" Look At Washington

A new opportunity was presented to politically-minded students called Operation Close Up. A week-long trip to Washington D.C. was planned for mid-spring by chaparones Wayne Jorgenson and Mel Heckman. The purpose of the trip was to learn more about government, and how each student can become involved in government. Edison students, approximately fifteen in all, spent the week attending seminars, press conferences and visiting the various historical sights of Washington. The week spent by the fortunate 10th-12th graders was one they are sure to remember for a long time.

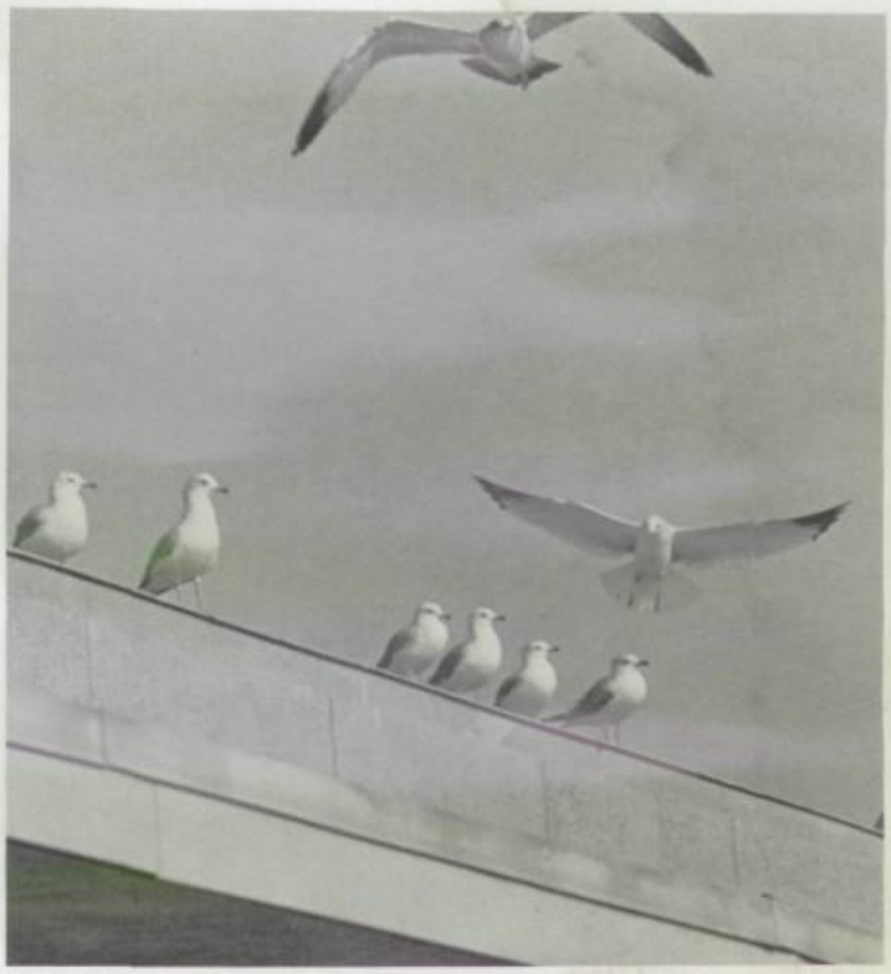
# Seagulls Cause Great Havoc

On any given day at Edison High School, one can walk through the open areas of the campus and be bombarded by a massive flock of seagulls. Because of the seagulls droppings and the stealing of student's lunches, the cafeteria is full of angry students. Anywhere there is a closed area, one will most likely find a group of students. The seagulls make their daily flight from the beach to Edison High School. Prior to lunch, hundreds of seagulls are lined up on top of the gym waiting for the bell marking the end of lunch. When the campus is cleared, the seagulls go on their hunt for any food they can find.



*(right) The seagulls line the roof of the cafeteria waiting for the passing bell to ring.*

# Crop Offers Training, Credit

Coastline Regional Occuptional Program (CROP) offered classes to high school students which gave them the opportunity to achieve academic credits and learn new skills. Over 50% of the CROP students got hired for pay after their semester course.

Beacause CROP is a joint venture of five school districts, funding was provided by state and local taxes. Therefore, no tuition was charged. Student also receive credits for their CROP classes. "I urge all students to take advantage of this great opportunity," said Ms. Villar, CROP Guidance Technician.

# Sleeping? Not Me

Sleeping ? Not me!

This reply is typical of those students caught dreaming in class. This phenomenon, while not occuring often, is a source of both laughter and embarrassment.

Being caught sleeping is also a source of the most humorous excuses heard on campus. Typical answers include, "I was up late last night studying for your class," or "It was a long weekend." According to most teachers, the funniest excuse is always, "I've finished all my homework!"

# Super Supervisor

Being a supervisor here at Edison High School isn't very easy. Mrs. Johnson has been a supervisor for four years. When asked how she felt about the students, she replied, "Super." She really enjoys her job.

Some of her many duties included keeping students in class during periods, supervising dances, work detail, and many sports related activities. She also helps out with locker problems and the bike racks. Mrs. Johnson also complimented Edison by saying that it has the best attendance record in the district. Edison High School students love having Mrs. Johnson as a supervisor. She, too, is "Super".

# All Desked Out In Gum

Students leave school for jobs, vacations, and college, but the very core of their emotional remains are left in the classrooms-under the desks.

What stories these pieces of chewed gum could weave. The Wrigley Spearment gum chewed before, during, and after an important exam. The giant wad of Grape Bubble Yum the senior chewed before asking the new girl to Homecoming. What about the hubba Bubba Strawberry piece chewed like a cud-chewing cow by the pretty girl in Algebra I as she waited in nervous anticipation for the dark, good-looking football player to ask her to the Christmas Dance? What would she do with the wine-colored taffeta dress if he didn't?

If these abandoned pieces of gum could talk, each one would have a story. We would have volumes of the most exciting novels ever written—memories all "desked" out in gum!

There is nothing quite like the feeling of leaving a movie theater after a horror film. Your voice is raspy from screaming, your heart is pounding, your brow is damp, and you clutch the arm of your date a little too tightly. The swinging door is pushed open and you take a deep breath of the night air, see the familiar city street, and begin to relax. Horror movies and their effect on many Edison students are a time-honored tradition. Many of scareseekers have been flocking for decades to nightmarish films. Students come back time and again to bring their friends so they can watch them scream.

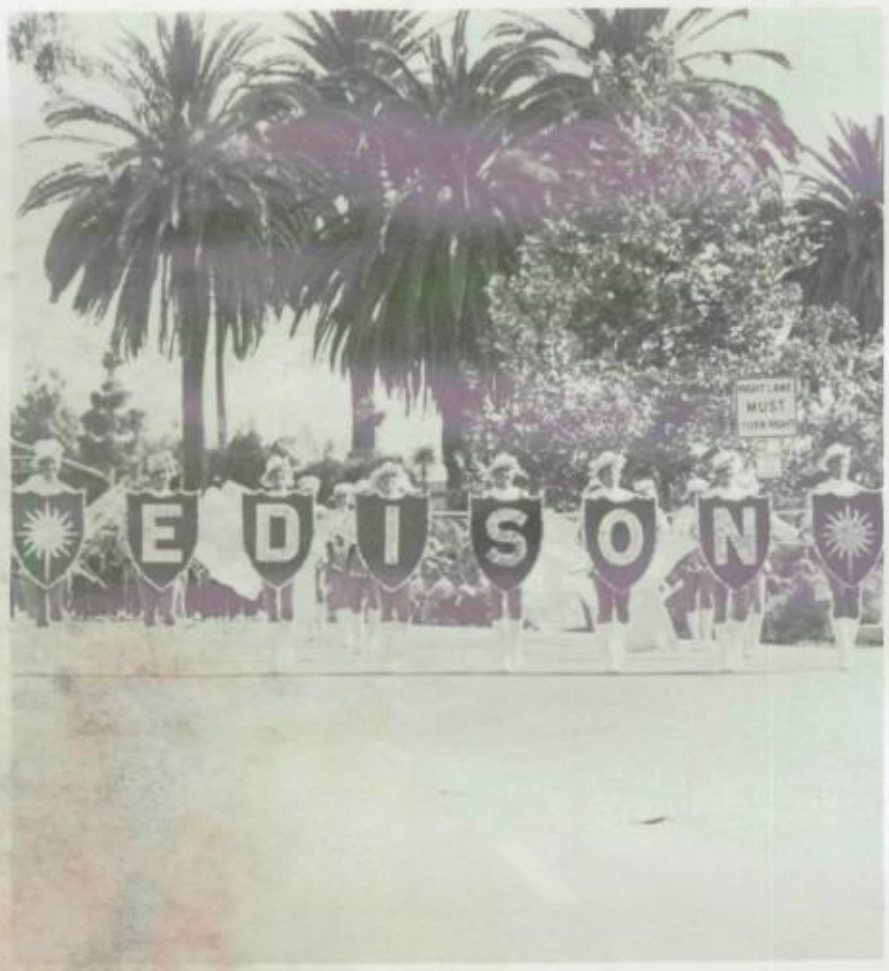
# Students On The Go!



Little did many students know that during the past year many clubs and organizations were busy even on weekends. Groups such as Band, Banners, and Drill Team spent long hours practicing for the many parades in which they competed. Members of Edison's numerous athletic teams devoted countless hours to the perfection of their particular sports.

Athletic teams were not the only groups working on weekends, however. Service clubs such as Keywanettes, Key Club, and S-Club helped out at convalescent homes, dances, or working with handicapped children.

When asked why they spent so much of their free time working with these groups, some students replied, "We want to be the best." The Chargers are still on the go!

# Panel Stolen Again

Once again, the middle panel of the Edison sign located in the bowl is missing. Identity of the thief who stole the shield still remains a mystery. A reward of fifty dollars was offered for information leading to the recovery of the panal. In general, the students felt that our "arch rivals" were responsible for the theft. The question remains, "Who took it, and will we ever get it back?"

*(left) Representing the theft, the center portion of the sign is non-existent.*

# First Day Fears

The first day of high school it may be possible to hear the knees of freshmen knocking, or see their hands shake harder than an earthquake. As they walk to their next class of doom and despair, their -eyes are focused on their shiny new shoes. As they approach the door of their next class, they take a deep breath, place a hand on the doorknob, and timidly open the door, The teacher is shyly asked if this is the right class. When the teacher says "yes", there is a sigh of relief. The freshmen sit down and relax a bit, having a feeling of safety for the next fifty-four minutes.

As the weeks pass, the system of classes becomes a part of life, and the freshmen become part of Edison.

# A Freshmens First Year

When freshmen students were asked how they felt about their first year at Edison, they came up with some interesting comments. John Roberts- "Edison is really MAKO!" Dave Leonards- "I don't like Edison because you can't get away with ditching." Cherise Reichol and Sheila Sauceda- "We like the nice teachers and the boys, but most of all everyone is really nice." Shawn Conesty- "I like Edison because of its excellent basketball program." Lino Martinez- "The school is all right but there's not enough cute girls." Laura Hughes- "Edison is a great school: too bad you have to look out for the mad trash canners!"

# Jaleen Takes First Place

Edison's majorette this year is freshman Jaleen Bullock. In her glittering gold costume, she performs with the Tall Flags at games, parades, and competitions.

Jaleen first began twirling the baton four and a half years ago when she took a class through Parks and Recreation. Since then, she has improved her talent and netted over 200 trophies and medals. She practices up to five hours a day. Jaleen topped ten other majorettes to win first place in the Placentia Parade.

Stage fright is not a quality of Jaleen's, as she enjoys performing for large crowds. She says, "I love being on Tall Flags and enjoy twirling the baton very much."

# Sixteen Advantages

What's so special about "16"? The following replied: Darleen Parrick- Sweet, special, pampered, free at 16. Debbie Brown- It's one year closer to 21. Jon Zertuche- Going out with girls I want to! Mary Cheadle- Wild massive parties! Tami Helzer- Going out with, "OLDER MEN." Paul Carter- Going out with, OLDER WOMEN." Laurie O'Brien- More freedom from your parents. Diane Moses- You get to drive. Shona Tate- You get your sweet sixteen car. Fairi Romero- You're older than fifteen. Cheri Sadano- You feel a lot older.

***(Right)** Cheri Sadano shows her pride of being 16!*

# Always On The Go!!

Students, no matter how busy, seem to always have time for extracurricular activities after school hours. Keeping up with the academic requirements does not seem to stop the Chargers from showing their skill, talent, and Charger pride. Whether it be cheering at a pep assembly or wearing green and gold, the Chargers are still on the go and in the know.

# Kennedy Brings Vital Changes

Mr. Kennedy, like any principal, is a very important part of our school. He has brought with him many changes. One of his goals has been to improve the academic status of our school. Edison offers more advanced placement courses as a result of this goal. Mr. Kennedy wants to hear feedback from all of the people involved with Edison. We brought with him from his former school, Marina, a program called Site Council. This includes five represenatives from the following groups: teachers, administrators, parents, and students. They meet together and talk about matters dealing with what's going on at Edison. He has proved to be a fine asset to our school.

# Teachers Are Essential

What would we do without teachers? This particular question can have various answers depending upon who is asked. The average student would probably grin and say it sounds like a good idea. However, the need for an expansion of a person's knowledge is too great. Without someone to teach other people, the majority of the population would virtually be back in the dark ages. We would not be so advanced in technology or be very strong as a nation. Teachers learn in order to pass their knowledge on to their students so they in turn develop and leave a bit of knowledge for future use.

# Stolte Gets Involved

Bob Stolte is involved with many things. First of all, he is the head of the GATE (Gifted and Talented Education) program. For many people, that, along with teaching would be enough, but not for Mr. Stolte. He is the coordinator of the Advanced Placement program, which gives students a chance to take more challenging classes and receive higher credit. He also teaches English at the University of California at Irvine. A dedicated worker, he is committed to helping students prepare for their future.

# Competition Benefits Team

The Kiwanis Bowl team, which specializes in trivia and knowledge questions, upheld another tradition at Edison this year. Our Kiwanis Bowl team, who competes against other high schools, got extra practice during the year by competing against the Edison faculty. The faculty team generally consisted of Mr. Emery, Mr. Johnson, Mr. Tallman, Ms. Gilden, and Mr. Stolte. Both teams had their fair share of wins and losses, but the experience of competition was beneficial to both teacher and student.

***(right)** A spirited competitor, Mr. Emery returns to his classroom duties.*

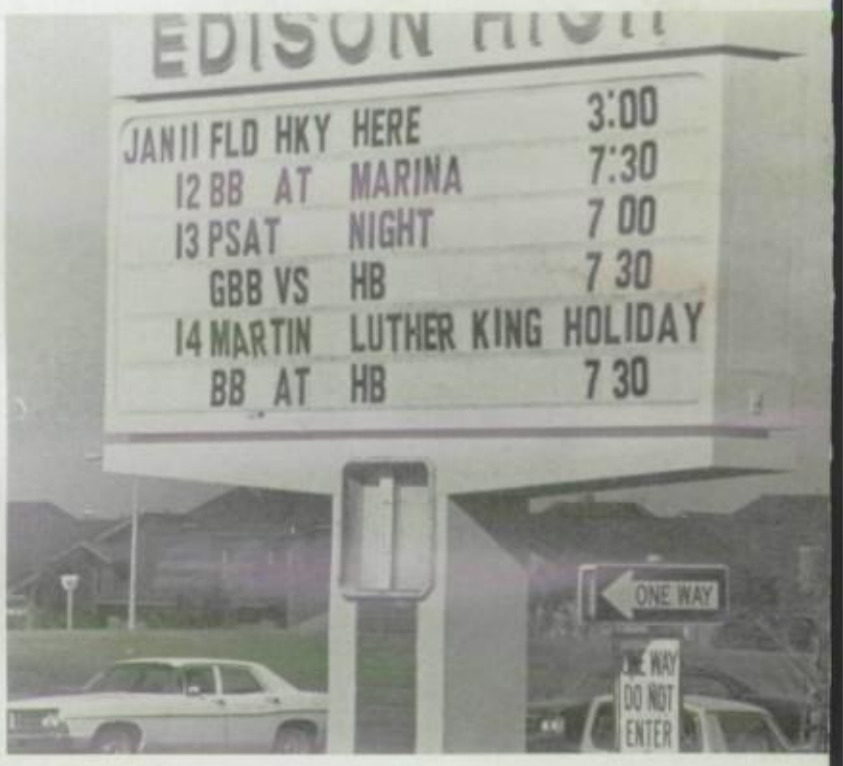
# Signs Inform Students

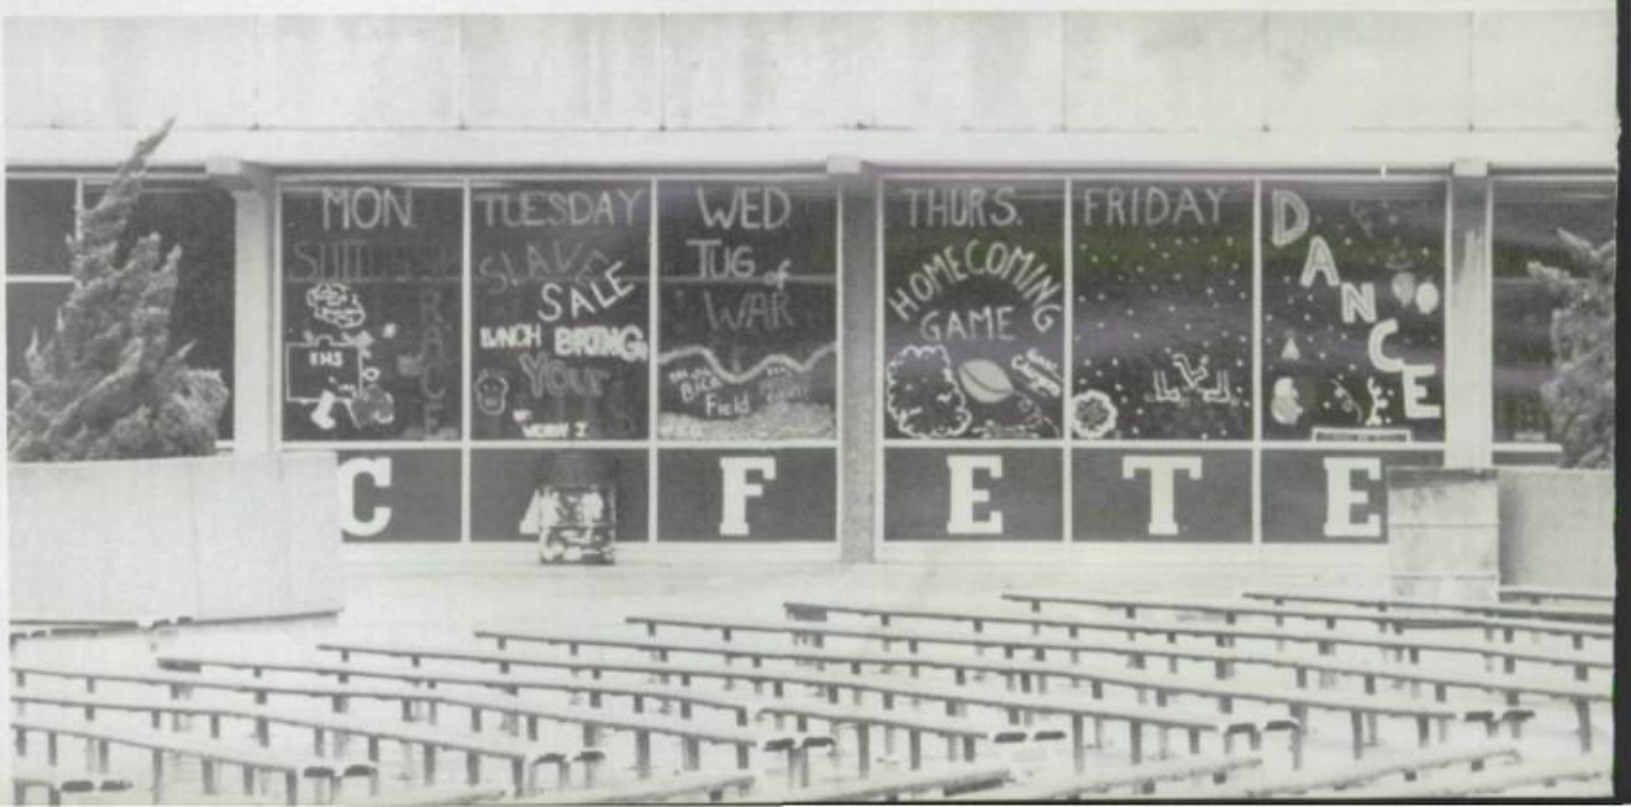
Imagine how dull the campus would be without the huge "Sink the Sailors" or "Stomp the Barrons" posters during football season. How would our sports teams ever make it to the championships without the traditional "Good job Chargers!" team posters? Who would know what was happening during Spirit Week if it wasn't for the paintings on the cafeteria windows?

Signs of the times are everwhere at Edison. The most popular seem to be the huge banners strung above the cafeteria, alerting students of club and council meetings, dances, school plays, music festivals, and various sports events. Just as popular are poster size ads for dance concerts, class rings, pep assemblies, and yearbooks. Posters and banners aren't the only signs on campus, however. The marquee in front of the school displays information about upcoming school events and youths of the month. And just in case a student ever gets lost on campus, one look at the door of the nearest hall will tell them where they are.

Whether they are in the form of election posters, spirit banners, or painted windows, the signs at Edison all provide students with a wealth of necessary information.

***(right)** The "Stop Banners at Work" sign was made expecially for the banners to warn students not to walk through while they practice.*
***(below)** The Edison marquee notifies students of upcoming events and activities.*
***(middle left)** Efforts to improve the beauty of the performing arts hall been made this year.*
***(bottom)** When spirit weeks comes to Edison, with the help of the cafeteria window, students are informed what events take place where and when.*





## ALMA MATER

OH, EDISON IS THE LAND OF LIGHT,
AND PRIDE IS ALWAYS OUR GOAL.
ON OUR WHITE HORSE WE WILL RIDE THE WIND,
GRIPPING LIGHTNING BOLT IN HAND.
OH, EDISON! OH, EDISON!
YOUR SPIRIT IS OUR STRENGTH,
WITH OUR SHIELDS HELD HIGH WE WILL TOUCH THE SKY,
OH TO THEE CHARGERS WE HAIL!

CLASS OF '81

***(top)*** *Traditions: what would we do without our Alma Mater proudly displayed on the back of the gym wall? The Alma Mater reminds us that win or lose we'll always be number 1.*
***(left)*** *This notice to pick up your class ring is a welcome sight to all anticipating students.*
***(above)*** *Thanks to Senate, we are always are informed when the next pep assembly is.*

# Chargers Spend Summer At Beach

Since most Edison students live within three miles of the ocean, the beach has always been a major attraction. During the summer, the beach is a place to go with friends for a lazy day in the sun; in winter, the beach provides an excellent chance to do some surf fishing. However, Chargers can be found on the beach at almost any time of the year. Surfers especially are a common sight; their brightly colored boards dot the gray-green swells as they wait for the next big wave.

On Friday and Saturday nights, hundreds of bonfires light up the shoreline, as friends get together to roast marshmallows and have a good time during summer vacation. While there is quite a lot of action on summer evenings, most Chargers agree that daytime is when all the excitement happens. Huntington City Beach is always crowded with people who know each other, and the smell of suntan oil hangs heavy in the air. Radio wars take place, as sun bathers fight to drown out their neighbor's station. Volleyballs, Frisbees, and kites fly through the blue summer sky. There is a sense of utter relaxation- school is out for the summer.

# Nature Lashed At The Pacific Ocean

For the second time in a month, nature lashed out at the Pacific Coast in what was called "one of the worst storms in Southern California history." In less than 24 hours, three inches of rain was dumped at the beginning of March, in 11 locations, sheeting over flood banks that left thousands homeless. Greg Wojcik commented, "It was really strange. I thought I would never be riding through people's front yards in a 10-foot motor boat."

Our school even had sand bags to help protect it from the pounding water. City officials estimated total damage to be in excess of $200 million.

The Huntington Beach Pier alone suffered $750,000 in damages, mainly on the end, almost knocking the End Cafe off into the waters below.

***(top left)*** *Sandbags were a common sight at Edison during the storm.* ***(bottom left)*** *Children get a free lunch at the relief center set up at Huntington High, after being evacuated from nearby schools.* ***(below)*** *At Brookfield Manor flood water overflowed into the mobile homes. (Pictures courtesy of Daily Pilot and The Independent)*

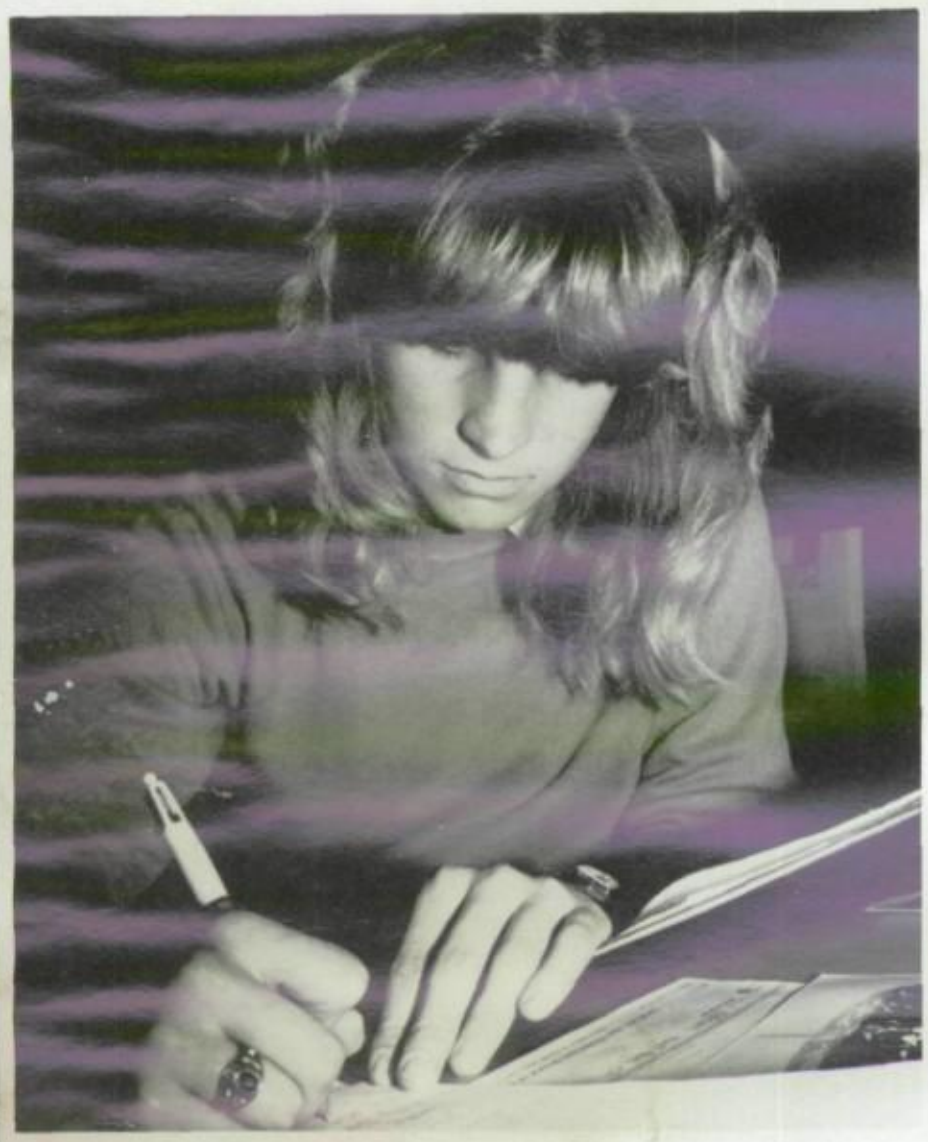
Alvaro!
I've really enjoyed getting to know you in Interiors! You've worked really hard + have been so much help to me!
Thanks + Good Luck!
Mrs Warren



# We Did It!!!

What a year. I don't know how we finished this yearbook, or did we?

"Remember the many times Laurie and Jon would come in to do their sections and accomplish nothing except learn a few bars of songs on KROQ?"

"I remember, it was late at night, about 11:25, and I was to have a whole section completed by 7:39 the next morning. Instead I went to Naugles and got a taco salad and a strawberry shake." "Or the time when the monster ate the film and . . . "

As the stories were told, they became more blown out of proportion (but I still believe some are true to this day).

The editors and Mr. Wheeler put a lot of effort into the making of this 300 page yearbook. Just think, that's completing over 2 pages a day. If you think it's easy you're welcome to be brave enough (and dumb enough) to take my place as editor next year.

Seriously, though, we enjoyed being a part of this yearbook. If we took a picture of you with your hair out of place, or if you are not smiling how you would like and got it in the yearbook, just think of the pictures that didn't make it.

Happy signings,
Becky Visca
Editor-in-Chief

Ramón -
I kind of wish you were still in our Spanish class. I really hope things start going good for you. I hope your summer is fun and special. (oops)
Take care. Stay Sweet!
Love, Kelly Bates

Ramón,
I hope you have a nice summer. I wish I was in one of your classes this year maybe next year.
have a nice summer.
Laura '84

Roman,

It been great have ing you in one of my class. Thank for the help on my test & really needed it. stay cool. See ya next year.

LUV,
Julie

Roman,

Its been good to have you in my science class. we shared many test answers. Hope you have a great summer and years ahead.

Thi-Fa P.

Ramon,

I am really glad that we were one and I wish we were one again I still love you very much and always. I wish you the best of luck in the future please keep in touch. I love you very much

468-7418 Lydia

I really do!

Ramon
Keep up the good music - wow
sorry wrong Ramon. But really
I had a blast this year
in History and hope you did too.
The donut runs were just the
best and so were Mr. Leigh's
video's and his great filmstrips.
Will have a good summer & enjoy
and good luck.

Your Friend
Matt Powell

Ramon,
I'm glad
I met you
this year Have
we will have
a class next
year. Dere
devil

Ramon-

Its been great getting to know you better, Russell class had its good + bad times - but hey we survived! Skating has been really fun!, I'll never forget that one night bidding from Don! Ha Ha Im sure I'll see you over the summer + at at the rink!

Have a great summer

Love Always
Tracy
(the clutz on wheels) Ha Ha

Ramon

Even though I just meet you you're a really nice person. I hope everything works out well for you because you deserve it. I want you to keep in touch with me and tell me how's it going. Monia Rose
964-6192

P.S You'll get a job soon I know it.

Ramon, Help another pretty one by asking me. Well gone is your class for the year. It's been beautiful. quickly again for the and that made it and thank they were great & Summer vacations was a good will be Senior. I my day. Have a great year, only better. next year. Love Jaime Caceres

Ramon,
I'm glad I met you this year. History was really fun. I won't write anything obscene or. because you already not to. I'm so sure you need your nice. So you need your love care.
Love
Stacy Fleeman
84'

Ramon,

What can I say, you are the nicest, most sweetest person I know. I thank you so much for sharing your locker with me. I hope you will consider me next year (Please) I treasure your friendship so much, I feel as if we are really close. You are easy person to talk too, and I am very sorry if I was mean sometimes but it is not directed at you at all but sometimes school really bothers me and I'm under a lot pressure too! I am truly sorry. Maybe next year we will have a class together we can do something together. We will for sure do something this summer. You better call me because you didn't last summer. You will be in lots of trouble (just kidding). I love ya and your great! See ya. Have a great Senior year!

Love You

Chris

Rexford

(new - 5' Chet pres).

I'm so happy!

Ramon,
Well this Leighs
class has been pretty
fun and a lot of laughs
your lucky you got out
of spanish it got
pretty boring! you're a
nice guy and maybe we
will have some classes
together. Take Care
Love,
Julie

Ramon
Well we
made it through
our semester with
Mrs. Warren's class
It was definitely
fun! To bad she
wouldn't let us talk
anymore. Well,
take care and have
a great summer!
Love
Andrea

Ramon,
I hope you
have a great
summer and
next year. Take
care.
Love,
Traci

Ramon,

Hosh like known ya for
along time huh? Since
7th or 8th grade, I think.
You a real sweet guy
and I hope we have a
class together next year.
Just remember me by
the one who thinks you
look like someone who
sings in the police! Have
a great summer, see ya
at the beach. Take Care,

Love Jamie

Ramon,

It was great having you
1st period, the class
1st half of 1st you have
will more great summer
a great summer ruth
